SUMMARY

MANY OF THE MATTERS SET FORTH IN THIS PROSPECTUS CONTAIN FORWARD-LOOKING STATEMENTS THAT ARE SUBJECT TO RISKS AND UNCERTAINTIES THAT COULD CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM THOSE SET FORTH HEREIN. WE REFER YOU TO CAUTIONARY INFORMATION CONTAINED ELSEWHERE HEREIN AND IN OTHER DOCUMENTS WE FILE WITH THE SECURITIES AND EXCHANGE COMMISSION FROM TIME TO TIME.

BUSINESS..... AVI BioPharma, Inc. (AVI) is an emerging biopharmaceutical company developing therapeutic products using two distinct platform technologies:

Cancer Immunotherapy.....	Avicine Xactin	clinical pre-clinical
Gene-targeted drugs (NEUGENES).....	Resten-NG Oncomyc-NG	IND filed pre-clinical

Our principal focus is the treatment of life-threatening diseases, most notably cancer and heart disease. Currently approved drugs or other therapies often prove to be ineffective in treating advanced stages of these diseases or produce numerous unwanted side-effects. Our two leading platforms, Cancer Immunotherapy and NEUGENES, are specifically aimed at solving the challenges faced by today's pharmaceutical products. Each of these products represents large market opportunities. It is estimated that the world-wide market for therapeutic cancer vaccines exceeds \$2 billion.

CANCER IMMUNOTHERAPY (VACCINES)..... Avicine, a therapeutic vaccine, represents our most advanced product opportunity, having completed a Phase II human clinical trial for colorectal cancer. Therapeutic cancer vaccines operate under the rationale that active immunization can stimulate an immune response that can be effective in fighting an existing cancer. The therapeutic benefit of the vaccine hinges on the existence of specific target sites, called tumor antigens, on cancer cells.

The target for Avicine is human chorionic gonadotropin (hCG). Not only is hCG responsible for stimulating fetal development during pregnancy, but it is also a tumor antigen on cancer cells of all major types including cancer of the colon, pancreas, prostate, lung and breast. It is believed that the role of hCG in pregnancy and cancer is similar. In both cases, it (i) serves as a growth factor encouraging rapid cell division, (ii) fosters the formulation of blood vessels, (iii) stimulates invasion of other tissues, and (iv) dampens the immune system to allow the fetus, or the tumor, to avoid rejection. Avicine is based on an anti-hCG approach to treating cancer.

Avicine has completed five clinical studies in cancer, in which a total of 172 patients received treatment. From these studies, we believe that the vaccine is a safe and essentially non-toxic therapy and capable of producing a specific immune response in most patients. Further, the patients who mounted an immune

response to hCG lived longer than patients treated with other conventional therapies. We intend to investigate further the use of Avicine alone or in conjunction with other approved therapies in Phase II and Phase III licensing trials.

CANCER IMMUNOTHERAPY

(XACTIN MONOCLONAL ANTIBODIES).....

We are also combating cancer by utilizing antibodies that have activity against cancer cells that display the hCG hormone marker. We licensed XenoMouse-TM- technology from Abgenix Inc. and have produced human monoclonal antibodies against critical hCG tumor antigen targets. These high affinity, stable clones recognize the key epitopes in our cancer vaccine. The Xactin antibodies are both companion products to Avicine and independent cancer therapeutics and are now in pre-clinical development.

GENE-TARGETED DRUGS (NEUGENES).....

We have developed third generation gene-inactivating compounds that we believe are more stable, specific, efficacious, and cost effective than other antisense or ribozyme agents. Our NEUGENE compounds are distinguished by a novel backbone which replaces the natural or modified backbones of competing antisense or ribozyme technologies.

NEUGENE use synthetic polymers to block the function of certain genetic sequences involved in the disease process. Targeting specific genetic sequences provides for greater selectivity than available through conventional drugs. NEUGENES have the potential to provide safe and effective treatment for a wide range of human diseases.

We have completed pre-clinical studies using our NEUGENE compounds in the treatment of bone cancer and restenosis, the blockage of arteries following balloon angioplasty. We recently filed an IND with the FDA for Resten-NG for restenosis and expect to begin a Phase I/II clinical trial by year-end.

STRATEGY.....

We have the experience and resources to initiate drug discovery and development, and move drug candidates through pre-clinical development and into early stage clinical trials (Phase I and Phase II). Our strategy for the near-term (2 to 5 years) is to license the marketing rights for our product candidates to pharmaceutical partners after Phase II clinical trials or co-develop product candidates with strategic partners. In this manner, expensive, late-stage clinical development and marketing will be the responsibility of the licensee. With adequate resources we may consider assuming greater responsibility for the late-stage clinical development and marketing opportunities of future product candidates.

Forward-looking statements are identified by words such as "believe," "anticipate," "expect," "intend," "plan," "will," "may," and other similar expressions. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements. We have based these forward-looking statements largely on our expectations. Forward-looking statements in this Prospectus include, but are not necessarily limited to, those relating to:

RISK FACTORS

The Shares offered by this Prospectus are speculative and involve a high degree of risk. Before making an investment, you should carefully read this entire Prospectus and consider the following risk factors.

RISKS RELATING TO OUR BUSINESS

HISTORY OF OPERATING LOSSES AND ANTICIPATED FUTURE LOSSES

We incurred a net operating loss of \$26.7 million in 1998, which included a one-time charge of \$19.5 million relating to our acquisition of ImmunoTherapy Corporation. We incurred a \$5.9 million loss for the first nine months of 1999. "Net operating loss" represents the amount by which our expenses (other than interest expense) exceed revenues. As of September 30, 1999, our accumulated deficit was \$48.7 million. Our losses have resulted principally from expenses incurred in research and development of our technology and products and from selling, general and administrative expenses that we have incurred while building our business infrastructure. We expect to continue to incur significant operating losses in the future as we continue our research and development efforts and seek to obtain regulatory approval of our products. Our ability to achieve profitability depends on our ability to complete development of our products, obtain regulatory approvals and market our products. It is uncertain when, if ever, we will become profitable.

EARLY STAGE OF PRODUCT DEVELOPMENT

Although we began operations in 1980, except for Avicine, we are only in the early stages of the development of our pharmaceutical products. We have devoted almost all of our time to research and development of our technology and products, protecting our proprietary rights and establishing strategic alliances. Our proposed products are in the pre-clinical or clinical stages of development and will require significant further research, development, clinical testing and regulatory clearances. We have no products available for sale, except for research reagents, and we do not expect to have any products available for sale for several years. Our proposed products are subject to development risks. These risks include the possibilities that any of the products could be found to be ineffective or toxic, or could fail to receive necessary regulatory clearances. Although we have obtained favorable results in Phase II using Avicine to treat colorectal cancer patients, we cannot assure that we will obtain similar results in the contemplated Phase III protocol. We have not received any significant revenues from the sale of products and we cannot assure investors that we will successfully develop marketable products, that our sales will increase or that we will become profitable. Third parties may develop superior or equivalent, but less expensive, products.

LACK OF OPERATING EXPERIENCE

We have engaged solely in the development of pharmaceutical technology. Although some of our management have experience in biotechnology company operations, we have limited experience in manufacturing or selling pharmaceutical products. We also have only limited experience in negotiating and maintaining strategic relationships, and in conducting clinical trials and other later-stage phases of the regulatory approval process. We cannot assure investors that we will successfully engage in any of these activities.

NEED FOR FUTURE CAPITAL AND UNCERTAINTY OF ADDITIONAL FUNDING

Since we began operations, we have obtained operating funds primarily by selling shares of our company. Based on our current plans, we believe that current cash balances including the anticipated proceeds from this Offering will be sufficient to meet our operating needs for approximately the next eighteen months. Furthermore, the actual amount of funds that we will need will be determined by many factors, some of which are beyond our control. These factors include the success of our research and development efforts, the status of our pre-clinical and clinical testing, costs relating to securing regulatory

approvals and the costs and timing of obtaining new patent rights, regulatory changes, competition and technological developments in the market. We may need funds sooner than currently anticipated.

We anticipate that we will need to obtain additional funds during or at the end of this eighteen-month period. If necessary, potential sources of additional funding include strategic relationships, public or private sales of shares of our common stock or debt or other arrangements. We do not have any committed sources of additional financing at this time. It is uncertain whether we can obtain additional funding when we need it on terms that will be acceptable to us or at all. If we raise funds by selling additional shares of our common stock or securities convertible into our common stock, the ownership interest of our existing shareholders will be diluted. If we are unable to obtain financing when needed, our business and future prospects would be materially adversely affected.

DEPENDENCE ON OTHERS FOR CLINICAL TESTING, MANUFACTURING AND MARKETING

We do not intend to conduct late-stage (Phase III) human clinical trials ourselves. We anticipate entering into relationships with larger pharmaceutical companies to conduct later pharmaceutical trials and to market our products and we also plan to continue to use contract manufacturing for our products. We may be unable to enter into corporate partnerships that could impede our ability to bring our products to market. We cannot assure investors that any corporate partnerships, if entered, will be on favorable terms or will result in the successful development or marketing of our products. If we are unsuccessful in establishing advantageous clinical testing, manufacturing and marketing relationships, we are not likely to generate significant revenues and become profitable.

LIMITED MANUFACTURING CAPABILITY

While we believe that we can produce materials for clinical trials at our existing facilities, we will need to expand our commercial manufacturing capabilities for products in the future if we elect not to or cannot contract with others to manufacture our products. This expansion may occur in stages, each of which would require regulatory approval, and product demand could at times exceed supply capacity. We have not selected a site for any expanded facilities and cannot predict the amount we will expend for construction of such facilities. We cannot assure if or when the FDA will determine that such facilities comply with Good Manufacturing Practices. The projected location and construction of any facilities will depend on regulatory approvals, product development, pharmaceutical partners and capital resources, among other factors. We have not obtained regulatory approvals for any production facilities for our products, nor can we assure investors that we will be able to do so.

GOVERNMENTAL REGULATION; LACK OF ASSURANCE OF REGULATORY APPROVALS

All of our products are subject to extensive regulation by the United States Food and Drug Administration and by comparable agencies in other countries. The FDA and comparable agencies require new pharmaceutical products to undergo lengthy and detailed clinical testing procedures and other costly and time-consuming compliance procedures. Except for Avicine, none of our products have been tested in humans. We cannot predict when we will initiate and complete our clinical trials or when we will be able to submit our products for regulatory review. Even if we submit a new drug application, there may be delays in obtaining regulatory approvals, if we obtain them at all. Sales of our products outside the United States will also be subject to regulatory requirements governing clinical trials and product approval. These requirements vary from country to country and could delay introduction of our products in those countries. We cannot assure you that any of our products will receive marketing approval from the FDA or comparable foreign agencies.

DEPENDENCE ON KEY PERSONNEL

Our success will depend to a large extent on the abilities and continued service of several key employees, including Drs. Denis Burger, Patrick Iversen, and Dwight Weller. The loss of any of these key employees could significantly delay the achievement of our goals. Competition for qualified personnel in our industry is intense, and our success will be dependent on our ability to attract and retain highly skilled personnel.

COMPETITION

The biotechnology industry is highly competitive. We compete with companies in the United States and abroad that are engaged in the development of pharmaceutical technologies and products. They include:

- biotechnology, pharmaceutical, chemical and other companies;
- academic and scientific institutions;
- governmental agencies; and
- public and private research organizations.

Many of these companies and many of our other competitors have much greater financial and technical resources and production and marketing capabilities than we do. Our industry is characterized by extensive research and development and rapid technological progress. Competitors may successfully develop and market superior or less expensive products which render our products less valuable or unmarketable.

PATENTS AND PROPRIETARY RIGHTS

Our success will depend on our existing patents and licenses, and our ability to obtain additional patents in the future. We have filed 46 patent applications in the United States, Canada, Europe, Australia and Japan and 43 patents have been issued. We license the composition, manufacturing and use of Avicine in all fields except fertility regulation from The Ohio State University.

We cannot assure investors that our pending patent applications will result in patents being issued in the United States or foreign countries. In addition, we cannot guarantee that patents which have been or will be issued will afford meaningful protection for our technology and products. Competitors may develop products similar to ours which do not conflict with our patents. Others may challenge our patents and, as a result, our patents could be narrowed or invalidated. The patent position of biotechnology firms generally is highly uncertain, involves complex legal and factual questions, and has recently been the subject of much litigation. No consistent policy has emerged from the United States Patent and Trademark Office or the courts regarding the breadth of claims allowed or the degree of protection afforded under biotechnology patents. In addition, there is a substantial backlog of biotechnology patent applications at the USPTOs and the approval or rejection of patents may take several years.

Our success will also depend partly on our ability to operate without infringing upon the proprietary rights of others, as well as our ability to prevent others from infringing on our proprietary rights. We may be required at times to take legal action in order to protect our proprietary rights and, despite our best efforts, we may be sued for infringing on the patent rights of others. Patent litigation is costly and, even if we prevail, the cost of such litigation could adversely affect our financial condition. If we do not prevail, in addition to any damages we might have to pay, we could be required to stop the infringing activity or obtain a license. We cannot be certain that any required license would be available to us on acceptable terms, or at all. If we fail to obtain a license, our business might be materially adversely affected.

To help protect our proprietary rights in unpatented trade secrets, we require our employees, consultants and advisors to execute confidentiality agreements. However, we cannot guarantee that these agreements will provide us with adequate protection if confidential information is used or disclosed improperly. In addition, in some situations, these agreements may conflict with, or be subject to, the rights of third parties with whom our employees, consultants or advisors have prior employment or consulting relationships. Further, others may independently develop substantially equivalent proprietary information and techniques, or otherwise gain access to our trade secrets.

POTENTIAL PRODUCT LIABILITY

The use of our products will expose us to the risk of product liability claims. Although we intend to obtain product liability insurance coverage, we cannot guaranty that product liability insurance will continue to be available to us on acceptable terms or that our coverage will be sufficient to cover all claims against us. A product liability claim, even one without merit or for which we have substantial coverage, could result in significant legal defense costs, thereby increasing our expenses, lowering our earnings and, depending on revenues, potentially result in additional losses.

UNCERTAINTY OF THIRD-PARTY REIMBURSEMENT

In addition to obtaining regulatory approval, the successful commercialization of our products will depend on our ability to obtain reimbursement for the cost of the product and treatment. Government authorities, private health insurers and other organizations, such as health maintenance organizations are increasingly challenging the prices charged for medical products and services. Also, the trend toward managed health care in the United States, the growth of healthcare organizations such as HMOs, and legislative proposals to reform healthcare and government insurance programs could significantly influence the purchase of healthcare services and products, resulting in lower prices and reducing demand for our products. The cost containment measures that healthcare providers are instituting and any healthcare reform could affect our ability to sell our products and may have a material adverse effect on our operations. We cannot assure investors that reimbursement in the United States or foreign countries will be available for any of our products, that any reimbursement granted will be maintained, or that limits on reimbursement available from third-party payors will not reduce the demand for, or the price of, our products. The lack or inadequacy of third-party reimbursements for our products would have a material adverse affect on our operations. We cannot forecast what additional legislation or regulation relating to the healthcare industry or third-party coverage and reimbursement may be enacted in the future, or what effect the legislation or regulation would have on our business.

RISKS RELATED TO SHARE OWNERSHIP

OUR PREFERRED SHARES, CLASSIFIED BOARD OF DIRECTORS AND OREGON LAWS COULD PROHIBIT TAKEOVERS

Our authorized capital consists of 50,000,000 shares of common stock and 2,000,000 preferred shares. The Board of Directors, without any further vote by the shareholders, has the authority to issue preferred shares and to determine the price, preferences, rights and restrictions, including voting and dividend rights, of these shares. The rights of the holders of shares of common stock may be affected by the rights of holders of any preferred shares that the Board of Directors may issue in the future. For example, the Board of Directors may allow the issuance of preferred shares with more voting rights, higher dividend payments or more favorable rights upon dissolution, than the shares of common stock. If preferred shares are issued in the future, it may also be more difficult for others to acquire a majority of our outstanding voting shares. See "Description on Capital Shares."

In addition, we have a "classified" Board of Directors, which means that only one-half of our directors are eligible for election each year. Therefore, if shareholders wish to change the composition of the Board of Directors, it could take at least two years to remove a majority of the existing directors or to change all

directors. Having a classified Board of Directors may, in some circumstances, deter or delay mergers, tender offers or other possible transactions which may be favored by some or a majority of our shareholders.

The Oregon Control Share Act and Business Combination Act limit parties who acquire a significant amount of voting shares from exercising control over us. The Act may lengthen the period for a proxy contest or for a person to vote their shares to elect the majority of our Board.

VOLATILITY OF STOCK PRICE

Historically, the market price of our stock has been highly volatile. The following types of announcements could have a significant impact on the price of our common stock:

- positive or negative results of testing and clinical trials
- delays in entering into corporate partnerships
- technological innovations or commercial product introductions by ourselves or competitors
- changes in government regulations
- developments concerning proprietary rights, including patents and litigation matters
- public concern relating to the commercial value or safety of any of our products
- general stock market conditions

Further, the stock market has in recent months experienced and may continue to experience significant price and volume fluctuations. These fluctuations have particularly affected the market prices of equity securities of many biopharmaceutical companies that are not yet profitable. Often, the effect on the price of such securities is unrelated or disproportionate to the operating performance of such companies. These broad market fluctuations may adversely affect the ability of a shareholder to dispose of his shares at a price equal to or above the price at which the shares were purchased.

FUTURE SALE OF ELIGIBLE SHARES MAY LOWER THE PRICE OF OUR COMMON STOCK

We have outstanding 16,235,845 shares of common stock and 14,092,988 are eligible for sale under Rule 144 or are otherwise freely tradeable. We intend to promptly file a registration statement covering an additional 2,142,857 shares, which will make those shares freely tradeable. In addition:

- Our employees and others hold options to buy a total of 144,277 shares of common stock. The shares of common stock to be issued upon exercise of these options, have been registered, and therefore may be freely sold when issued;
- There are outstanding warrants to buy 5,826,554 shares of common stock. The shares issuable upon exercise of 4,631,101 warrants are registered. These shares may be freely sold when issued. We also intend to file a registration statement covering an additional 342,857 warrants. The holders of warrants covering 400,000 shares have incidental registration rights to have the shares issuable upon the exercise of their warrants registered. Once registered, those shares may be freely sold when issued, for so long as the registration statement is effective and current. The remaining warrants have no registration rights.
- We may issue options to purchase up to an additional 170,499 shares of common stock under our stock option plans, which also will be fully saleable when issued.

Sales of substantial amounts of shares into the public market could lower the market price of our common stock.

RIGHTS OF CERTAIN HOLDERS TO ADDITIONAL STOCK OR REDEMPTION OF SHARES

Holders of 1,857,147 shares of our common stock enjoy the right to receive additional shares of common stock from the Company without additional payment to the Company if the Company sells shares of common stock, or engages in similar financing transactions, at a price of less than \$3.49 per share prior to December 16, 2002, or 33 months have passed since the effective date of the registration statement relating to this Prospectus. If additional shares of our common stock are issued under this obligation, the ownership interest of other existing shareholders will be diluted.

Under certain circumstances, the Company may be required to redeem shares to be issued to the holders who enjoy this right. Specifically, if the holdings of the Company's stock by any holder who enjoys this right will exceed their pro rata share of 20 percent of the Company's outstanding common stock due to the issuance of new shares, the Company must redeem the new shares to be issued at a price equal to 110 percent of the price originally paid for these shares. This redemption obligation could materially adversely affect the business and future prospects of the Company if it arises.

ABSENCE OF DIVIDENDS

We have never paid dividends on our shares of common stock and do not intend to pay dividends in the foreseeable future.

YEAR 2000 RISKS

Many currently installed operating systems and software products are coded only to accept two digit entries in the date code field. Consequently, they are unable to distinguish 21st century dates from 20th century dates. As a result, the computer systems and software used by many companies may need to be upgraded to prevent problems that would result from misreading the entries in the date code field. Failure to correct systems to become "Year 2000 compliant" may result in systems failures or miscalculations causing disruptions of operations, including, among other things, a temporary inability to process data, send invoices or engage in similar normal business activities.

We are currently reviewing the potential impact of Year 2000 issues on our business and attempting to mitigate or eliminate those issues. The primary risks to us are those of business continuity. We are determining which equipment we own needs to be replaced. We have also begun communicating with our significant suppliers, financial institutions, insurance companies and other parties that provide us significant services, including clinical trial sites, to determine whether they anticipate Year 2000 problems in their operations. If we or our significant vendors or suppliers are unable to become Year 2000 compliant in time, this could have a material adverse affect on our ability to continue our operations.

PRODUCT DEVELOPMENT OVERVIEW

I. CANCER IMMUNOTHERAPY

A. AVICINE THERAPEUTIC CANCER VACCINE

TECHNICAL OVERVIEW

The therapeutic vaccine approach is among the newer strategies being investigated for treating cancer. Historically, vaccines were developed and used to induce an immune response in order to prevent a disease. This is contrasted with a therapeutic vaccine where the disease entity is known or suspected to be present at the time of vaccination. The rationale employed with a therapeutic approach is that active immunization against a specific pathogenic agent can stimulate an immune response against the existing disease.

In order for a therapeutic vaccine to be effective in fighting a disease such as cancer, it is necessary to identify specific target sites on the tumor cells, called tumor-associated antigens. The more selective that the antigen is to the tumor, the greater likelihood of attacking only the cancer cells. The identification of an appropriate target has been one of the greatest challenges in the development of a useful cancer vaccine.

AVI BioPharma's therapeutic cancer vaccine, Avicine, is designed to produce an immune response against a well-characterized target, human chorionic gonadotropin (hCG). hCG is a hormone produced during pregnancy that plays a variety of roles in fostering the development of a fetus. Through extensive research, scientists found that hCG is also present in most cancers. In fact, cancer is believed to be the only significant exception to the normal hCG function during pregnancy. Given the selective production of hCG, we believe it represents a highly specific target for a therapeutic cancer vaccine.

The use of hCG as a cancer vaccine target may offer advantages over other potential tumor associated antigens.

- It is not usually found on normal cells with the exception of those present during a pregnancy. This means that it is highly selective.
- It is widely expressed by and found on many types of cancer, including colon, pancreas, prostate, lung and breast.
- hCG expression has been correlated with tumor aggressiveness. In other words, the higher the level of hCG, the more aggressive the rate of growth or spread of the cancer.
- Antibodies to hCG are believed to block the same hormonal functions that hCG plays in pregnancy and cancer, including rapid cell division, the formulation of blood vessels, invasion of other tissues, and dampening of the immune responses.

Since hCG is a natural human protein, people will not mount an immune response to it unless they are actively immunized. Once immunized, the mechanism of action of an anti-hCG vaccine can be viewed as a two-pronged attack. First, it directs an immune response against the tumor, and second, it neutralizes the hormonal benefits provided by hCG.

The hCG component in Avicine is a small peptide from this hormone. The peptide is joined to a carrier, diphtheria toxoid, to enhance the immune response. Diphtheria toxoid was selected since most of the world's population has been vaccinated against it and there is significant experience with it as a vaccine

component in man. The combination provides for an existing immune response to the carrier which is believed to be important in stimulating an immune response to the hCG peptide.

AVICINE DISTINGUISHING CHARACTERISTICS

- Fully-characterized synthetic vaccine
- Capable of being produced inexpensively in large quantities
- Targets a widely-expressed tumor antigen (hCG)
- Ready for Phase III clinical testing in colorectal patients
- Applicable to most cancer types in multiple clinical settings
- Twenty years of research and development and safety data

AVICINE CLINICAL TRIALS

We have completed three Phase I clinical trials using Avicine in 87 patients with cancer. Overall, these studies showed Avicine to be safe and essentially non-toxic. These early clinical trials showed the vaccine to be effective in stimulating an immune response to hCG in most patients. Moreover, apparent survival benefits and some tumor regressions were noted.

PANCREATIC AND PROSTATE CANCER TRIALS

We recently completed a pilot Phase II study using Avicine in 10 patients with advanced pancreatic cancer. For the 10 patients treated, the median survival was approximately 33 weeks. Patients with advanced pancreatic cancer are currently treated with chemotherapy and have a median survival of approximately 18 to 25 weeks. Although we believe these results to be encouraging, we hesitate to draw conclusions from such a small study other than to use these results to design additional trials.

Two additional Phase II trials were scheduled for the fourth quarter of 1999. The first Phase II study of 50 patients with pancreatic cancer was initiated in October 1999. In addition, we plan to initiate a Phase II clinical trial in 24 patients with prostate cancer before year-end.

COLORECTAL CANCER TRIALS

A multicenter Phase II study of Avicine was conducted on in 77 patients with advanced colorectal cancer. The objectives of this trial were to determine whether administration of Avicine would induce an immune response in patients with metastatic colorectal cancer and to measure safety and efficacy in these patients. Overall, 51 of the 77 patients responded to our vaccine by producing antibodies to hCG. The patients that were antibody responders had a median survival of 42 weeks. Patients that did not respond immunologically had a median survival of just 17 weeks.

Further analysis of the multicenter Phase II data showed that patients who produced antibodies to two targets on the hCG peptide had a median survival of 66 weeks. Camptosar-Registered Trademark-, the current standard of care for treating advanced colorectal cancer patients, produces a median survival of 37-40 weeks. Through additional research efforts, we believe we have learned how to stimulate production of antibodies to the two hCG targets in most patients.

Overall, these clinical data suggest that the patients that received Avicine and responded by making hCG antibodies had improved median survival compared to patients treated with chemotherapeutic drugs. Avicine was found to be safe and did not exhibit the toxicity associated with cytotoxic drug treatment. Based on these data, we plan to initiate a Phase III pivotal trial in 500 patients with metastatic colorectal cancer in 2000. This trial randomizes patients receiving first-line therapy for metastatic colorectal cancer to

one of two treatment arms: combination chemotherapy or combination chemotherapy plus Avicine. The end points in the trial are time to disease progression and median survival.

B. XACTIN--HUMAN MONOCLONAL ANTIBODY FOR CANCER

We are also combating cancer by administering antibodies that have activity against cancer cells that display the hCG hormone marker. We licensed XenoMouse technology from Abgenix Inc. and have produced human monoclonal antibodies against critical hCG tumor antigen targets. These high affinity, stable clones recognize the key epitopes in our cancer vaccine. The Xactin antibodies are both companion products to Avicine and independent cancer therapeutics and are now in pre-clinical development.

II. GENE-TARGETED DRUGS--NEUGENE TECHNOLOGY

TECHNICAL OVERVIEW

Most human diseases arise from the function or dysfunction of genes within the body, either those of pathogens, such as viruses, or of one's own genes. New techniques in molecular biology have led to the identification of the genes associated with most of the major human diseases and to the determination of the sequence of their genetic codes. Using modern methods of chemical synthesis, compounds can be prepared that recognize target gene sequences in a pathogen or pathogenic process. When these compounds bind tightly to the disease-causing sequence, the genetic process is inhibited, and thus the pathogen or pathogenic process is disabled. This is called ANTISENSE technology since the SENSE of the genetic code is blocked.

Limitations of then-existing antisense technology in the late 1980s led us to pursue a different approach than many of our competitors. This effort culminated in our development of a class of third-generation agents, known as NEUGENE compounds. In pre-clinical studies, our patented compounds display advantageous pharmaceutical properties over second-generation compounds now in clinical trials by others. Such improvements include stability, specificity, potency, low toxicity and effectiveness.

NEAR-TERM PRODUCT DEVELOPMENT--CANCER AND RESTENOSIS

The first application of our antisense technology is designed to treat diseases involving abnormal cell division, such as cancer, certain cardiovascular and inflammatory diseases, psoriasis, polycystic kidney disease and chronic graft rejection. The NEUGENE target for these diseases is the gene component named c-myc. We have finished the pre-clinical development of two NEUGENE compounds, Resten-NG and Oncomyc-NG, and hope to file an IND and initiate a Phase I clinical trial in 1999 for restenosis and cancer.

The table below summarizes our broader development program for NEUGENE:

BCL2.....	Cancer

PRIVATE PLACEMENT TO SELLING SHAREHOLDERS

On December 17, 1999, the Selling Shareholders bought 714,290 Shares and warrants to purchase an additional 217,287 Shares.

The purchase agreement and warrants contain protective provisions for the Selling Shareholders if we sell any other Shares (with limited exceptions) at a lower price than what the Selling Shareholders paid. The period during which this provision is in effect runs until either 36 months from the closing date of the purchase transaction or 33 months from the effective date of this registration statement, whichever occurs later.

Under these protective provisions, the Selling Shareholders receive additional shares and warrants to acquire additional Shares and a reduced strike price for all Shares acquired with the warrants if we sell Shares for less than the \$3.50 price paid by Selling Shareholders.

The number of additional Shares received by a Selling Shareholder is calculated by the following steps:

- aggregate purchase price by the Selling Shareholder for all Shares purchased under the purchase agreement is divided by the new lower per Share sales price causing the adjustment;
- from this new number of shares is subtracted the number of Shares already delivered to the Selling Shareholder; and
- the difference is the number of additional Shares we will issue to the Selling Shareholder.

The purchase agreement also contains the provision that if the Selling Shareholder owns at least 250,000 of the Shares bought pursuant to the purchase agreement, it receives the adjustment based on all the Shares it originally bought. However, if the Selling Shareholder owns less than 250,000 of the originally purchased Shares, it only receives an adjustment based on the number of Shares it still owns.

Similarly, the warrants provide for an adjustment, both of the exercise price and number of Shares subject to the warrants.

The Selling Shareholders received warrants to purchase three Shares for every seven Shares of stock they purchased. The exercise price of the warrants was set at 115% of the original per Share purchase price. That calculates to an exercise price of \$4.025, based on a \$3.50 Share price.

If Shares are sold for less than the exercise price (again with certain exceptions), then

- warrant price is reduced to 115% of the price of the newly sold Shares; and
- the number of warrants is increased proportionately so that the Selling Shareholders will still receive warrants for three Shares for every 10 Shares they either purchased or received because of the protective provision adjustment.

The following chart sets forth an example of how this might work for a hypothetical Selling Shareholder:

Original aggregate Share purchase price.....	\$1,050,000
Original number of Shares.....	300,000
Original per Share price.....	\$ 3.50
Newly sold Share price.....	\$ 3.00

Original aggregate Share purchase price
divided by newly sold Share price
((\$1,050,000 DIVIDED BY \$3.00)
= 350,000 Shares

Original number of Shares minus adjusted number equals new Shares we will issue.....	50,000
---	--------

For the options:

New Share price times 115% (\$3.00 x 1.15) is new strike price = \$3.45

Original number of Shares covered by warrant was three for ten shares

(3 X 30,000) = 90,000

The after adjustment number of Shares is 350,000 --
 three warrant Shares for ten Shares is 3
 x 35,000 = 105,000

That is, the Shares subject to the warrant now total 105,000 with a strike price of \$3.45

In addition to the Shares covered by this registration statement, we are obligated to register any Shares issued pursuant to the adjustment described above and any Shares issued following exercise of any new options granted following an adjustment.

However, the purchase agreement and warrants do contain the restriction that we may not issue any new Shares or warrants if that would cause a Selling Shareholder to beneficially own more than 9.90% of the total outstanding Shares of our common stock. The adjustment must be delayed until it can be done without exceeding the 9.90% limitation.

OUR SELLING SHAREHOLDERS

The following table provides certain information with respect to the Shares held by each Selling Shareholder as of December 17, 1999. Except as otherwise noted, all of the Common Shares owned by each Selling Shareholder are registered for sale pursuant to this Prospectus. The Selling Shareholders, however, are not under any obligation to sell all of any portion of their Shares, nor are the Selling Shareholders obligated to sell any of their Shares immediately under this Prospectus. We will not receive any proceeds from any sales of Shares by the Selling Shareholders.

PLAN OF DISTRIBUTION

The selling stockholders may sell the common stock:

- through one or more underwriters or dealers for public offering and sale,
- directly to investors, or
- through agents.

The selling stockholders may distribute the common stock from time to time in one or more transactions at a fixed price or prices, which may be changed from time to time:

- at market prices prevailing at the times of sale,
- at prices related to those prevailing market prices, or
- at negotiated prices.

We will not receive any proceeds from the sale of the common stock.

The distribution of the common stock may be effected in one or more of the following methods:

- ordinary brokers' transactions, which may include long or short sales,
- transactions involving cross or block trades, or otherwise on the Nasdaq National Market,
- purchases by brokers, dealers or underwriters as principal and resale by those purchasers for their own accounts pursuant to this prospectus,
- "at the market" to or through market makers or into an existing market for the common stock,
- in other ways not involving market makers or established trading markets, including direct sales to purchasers or sales effected through agents,
- through transactions in options, swaps or other derivatives (whether exchange-listed or otherwise),
- pursuant to Rule 144 under the Securities Act, or
- any combination of the foregoing, or by any other legally available means.

In addition, the selling stockholders or their successors in interest may enter into hedging transactions with broker-dealers who may engage in short sales of common stock in the course of hedging the positions they assume with the selling stockholders. The selling stockholders or their successors in interest may also enter into option or other transactions with broker-dealers that require the delivery by those broker-dealers of the common stock, which common stock may be resold thereafter pursuant to this prospectus. In connection with any sales, the selling stockholders and any brokers or dealers participating in such sales may be deemed to be underwriters within the meaning of the Securities Act.

Any broker-dealer participating in such transactions as agent may receive commissions from the Selling stockholders and/or purchasers of the shares offered hereby (and, if it acts as agent for the purchaser of those shares, from that purchaser). Usual and customary brokerage fees will be paid by the selling stockholders. Broker-dealers may agree with the selling stockholders to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling stockholders, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholders. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions (which may involve cross and block transactions and which may involve sales to and through other broker-dealers, including transactions of the nature described above) in the over-the-counter market, in negotiated transactions or otherwise at market

prices prevailing at the time of sale or at negotiated prices, and in connection with the resales may pay to or receive from the purchasers of those shares commissions computed as described above.

We have advised the selling stockholders that Regulation M promulgated under the Securities Exchange Act, may apply to their sales in the market, have furnished the selling stockholders with a copy of this regulation and have informed the selling stockholders of the need for delivery of copies of this prospectus. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against liabilities, including liabilities arising under the Securities Act. Any commissions paid or any discounts or concessions allowed to any such broker-dealers, and any profits received on the resale of those shares, may be deemed to be underwriting discounts and commissions under the Securities Act if any such broker-dealers purchase shares as principal. We have agreed to indemnify the selling stockholders against certain liabilities, including liabilities under the Securities Act.

We are required by the Purchase Agreement and Registration Rights Agreement to register for resale by the selling stockholders and keep registered the number of shares of common stock they are purchasing or may receive because of a price adjustment described above under heading "Private Placement to Selling Shareholders" and 100% of the shares of common stock for which the warrants are exercisable, including original warrants and warrants received following an adjustment. We have agreed to and are paying the costs and fees of registering the common stock. The selling stockholders will pay any brokerage commissions, discounts or other expenses relating to the sale of the common stock.

Any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under that rule rather than pursuant to this prospectus.

There can be no assurance that the selling stockholders will sell any or all of the shares of common stock offered by them hereunder.

Holders of common stock are entitled to one vote for each share at all meetings of our shareholders. Subject to preferences of Preferred Stockholders, common stockholders are entitled to receive ratably dividends declared by our Board. Common Stockholders have no preemptive, subscription, redemption or conversion rights. If we are liquidated or dissolved, common stockholders would share equally in our assets remaining after the payment of all our liabilities and the liquidation preference of any preferred stockholders.

Holders of 1,857,147 shares of our common stock enjoy the right to receive additional shares of common stock from the Company without additional payment to the Company if the Company sells shares of common stock, or engages in similar financing transactions, at a price of less than \$3.49 per share prior to December 16, 2002, or 33 months have passed since the effective date of the registration statement relating to this Prospectus. Under certain circumstances, the Company may be required to redeem shares to be issued to the holders who enjoy this right. Specifically, if the holdings of the Company's stock by any holder who enjoys this right will exceed their pro rata share of 20 percent of the Company's outstanding common stock due to the issuance of new shares, the Company must redeem the new shares to be issued at a price equal to 110 percent of the price originally paid for these shares.

OREGON CONTROL SHARES AND BUSINESS COMBINATION STATUTES

We are subject to the Oregon Control Share Act (the "Control Share Act"). The Control Share Act generally provides that a person (the "Acquiring Person") who acquires voting stock of an Oregon corporation in a transaction that results in the Acquiring Person holding more than 20.0%, 33.3% or 50.0% of the total voting power of the corporation (a "Control Share Acquisition") cannot vote the shares it acquires in the Control Share Acquisition ("control shares") unless voting rights are accorded to the control shares by (i) a majority of each voting group entitled to vote and (ii) the holders of a majority of the outstanding voting shares, excluding the control shares held by the Acquiring Person and shares held by our officers and inside directors. The term "Acquiring Person" is broadly defined to include persons acting as a group.

The Acquiring Person may, but is not required to, submit to us a statement setting forth certain information about the Acquiring Person and its plans with respect to us. The statement may also request that we call a special meeting of shareholders to determine whether voting rights will be accorded to the control shares. If the Acquiring Person does not request a special meeting of shareholders, the issue of voting rights of control shares will be considered at the next annual meeting or special meeting of shareholders. If the Acquiring Person's control shares are accorded voting rights and represent a majority or more of all voting power, shareholders who do not vote in favor of voting rights for the control shares will have the right to receive the appraised "fair value" of their shares which may not be less than the highest price per share by the Acquiring Person for the control shares.

We are subject to certain provisions of the Oregon Business Corporation Act that govern business combinations between corporations and interested shareholders (the "Business Combination Act"). The Business Combination Act generally provides that if a person or entity acquires 15% or more of the voting stock of an Oregon corporation (an "Interested Shareholder"), the corporation and the Interest Shareholder, or any affiliated entity of the Interested Shareholder, may not engage in certain business combination transactions for three years following the date the person became an Interested Shareholder.

Business combination transactions for this purpose include (a) a merger or plan of share exchange, (b) any sale, lease, mortgage or other disposition of 10% or more of the assets of the corporation, and (c) certain transactions that result in the issuance of capital stock of the corporation to the Interested Shareholder. These restrictions do not apply if (i) the Interested Shareholder, as a result of the transaction in which such person became an Interested Shareholder, owns at least 85% of the outstanding voting stock of the corporation (disregarding shares owned by directors who are officers and certain employee benefit plans), (ii) the Board of Directors approves the share acquisition or business combination before the Interested Shareholder acquires 15% or more of the corporation's outstanding voting stock or (iii) the Board of Directors and the holders of at least two-thirds of the outstanding voting stock of the corporation (disregarding shares owned by the Interested Shareholder) approve the transaction after the Interested Shareholder acquires 15% or more of the corporation's voting stock. See "RISK FACTORS--Anti-Takeover Effects of Certain Charter Provisions and Oregon Law."

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The Company's Articles of Incorporation provide for indemnification of the officers and directors of the Company to the fullest extent permitted by law. The Oregon Business Corporation Act, permits a corporation to limit, under certain circumstances, a director's liability for monetary damages in actions brought by the corporation or its stockholders. As an Oregon corporation, the Company is subject to the OBCA and the exculpation from liability and indemnification provision contained therein. Pursuant to Section 60.047(2)(d) of the OBCA, Article II of the Company's Fifth Restated Articles of Incorporation (the "Articles") eliminates the liability of the Company's directors to the Company or its stockholders for monetary damages, except for any liability related to breach of the duty of loyalty, actions not in good faith and certain other liabilities.

Section 60.387, ET SEQ., of the OBCA allows corporations to indemnify their directors and officers against liability where the director or officer has acted in good faith and with a reasonable belief that actions taken were in the best interests of the corporation or at least not adverse to the corporation's best interests and, if in a criminal proceeding, the individual had not reasonable cause to believe the conduct in question was unlawful. Under the OBCA, corporations may not indemnify against liability in connection with a claim by or in the right of the corporation but may indemnify against the reasonable expenses associated with such claims. Corporations may not indemnify against breached of the duty of loyalty. The OBCA mandates indemnification against all reasonable expenses incurred in the successful defense of any claim made or threatened whether or not such claims was by or in the right of the corporation. Finally, a court may order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances whether or not the director or officer met the good faith and reasonable belief standards or conduct set out in the statute.

The OBCA also provides that the statutory indemnification provisions are not deemed exclusive of any other rights to which directors or officers may be entitled under a corporation's articles of incorporation or bylaws, any agreement, general or specific action of the board of directors, voce of stockholders or otherwise.

The Company's Articles also provide for the elimination of liability of directors for monetary damages to the full extent permitted by the Oregon Business Corporations Act.

The Company has entered into indemnification agreements with its directors and certain of its officers.

ITEM 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material changes to such information in this registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

In the event that a claim for indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification is against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

4.29 GOVERNMENTAL CONSENTS. No consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority on the part of the Company is required in connection with the consummation of the transactions contemplated by this Agreement ("Consents") except for (a) such Consents which are not material, (b) compliance with the securities and Blue Sky laws in the states and other jurisdictions in which Securities are offered and/or sold, which compliance will be effected in accordance with such laws, (c) Consents required by the NMS and the SEC, and (d) the filing of the Registration Statement with the SEC. The Company has not been advised, and has no reason to believe, that either it or any of its subsidiaries is not conducting business in compliance in all material respects with all applicable laws, rules and regulations of the jurisdictions in which it is conducting business, including but not limited to, all applicable federal, Canadian, state, provincial and local environmental laws and regulations, except for any failure to comply which is not reasonably likely to have a Material Adverse Effect.

4.30 INVESTMENT COMPANY ACT. The Company has been advised concerning the Investment Company Act of 1940, as amended (the "1940 Act"), and the rules and regulations thereunder, and is not, and intends in the future to conduct its and its subsidiaries' affairs in such a manner as to ensure that it is not and will not become, an "investment company" within the meaning of the 1940 Act and such rules and regulations.

4.31 NO ILLEGAL CONTRIBUTIONS. Neither the Company nor any of its subsidiaries has at any time during the last five (5) years (i) made any unlawful contribution to any candidate for foreign office or failed to disclose fully any contribution in violation of law, or (ii) made any payment to any federal or state governmental officer or official, or other person charged with similar public or quasi-public duties, other than payments required or permitted by the laws of the United States or any jurisdiction thereof.

4.32 NO MANIPULATION. Neither the Company nor any of its subsidiaries has taken, and neither the Company nor any of its subsidiaries will take, directly or indirectly, any action designed to or that might reasonably be expected to cause or result in stabilization or manipulation of the price of the Common Stock to facilitate the sale or resale of Shares.

4.33 TRANSACTIONS WITH AFFILIATES. There are no outstanding loans, advances (except normal advances for business expenses in the ordinary course of business) or guarantees of indebtedness by the Company or any of its subsidiaries to or for the benefit of any of the officers or directors of the Company or any of its subsidiaries or any shareholder who owns beneficially more than five percent (5%) of the Common Stock of the Company or any of the members of the families of any of them, except as disclosed in the Memorandum or except as disclosed on Schedule 4.19. No relationship, direct or indirect, exists between or among the Company or any of its subsidiaries on the one hand and the directors, officers, shareholders, customers or suppliers of the Company or any of its subsidiaries on the other hand, that is required by the Securities Act or the Exchange Act or the Rules and Regulations promulgated thereunder to be described in the Registration Statement or documents incorporated by reference therein (as of the date hereof) that is not described in the Memorandum.

4.34 REGULATORY MATTERS.

(a) The Company is not aware of any rule making or similar proceedings before the United States Food and Drug Administration ("FDA") or comparable federal, state, local or foreign government bodies which involve or affect the Company or any of its subsidiaries which, if the subject of an action unfavorable to the Company or any of its subsidiaries, would have a Material Adverse Effect.

(b) The descriptions of the results of tests or evaluations contained in the Memorandum are accurate and complete in all material respects, and the Company has no knowledge of any other tests or evaluations, the results of which reasonably call into question the results described or referred to in the Memorandum. Except as set forth in Schedule 4.34, neither the Company nor any of its subsidiaries has received any notices or correspondence from the FDA or any other governmental agency requiring the termination, suspension or modification of any tests or evaluations conducted on behalf of the Company or any of its subsidiaries that are described in the Memorandum or the results of which are referred to in the Memorandum.

5. REPRESENTATIONS AND WARRANTIES OF THE INVESTOR. Each Investor hereby severally represents and warrants to the Company as to itself that:

5.1 ORGANIZATION AND EXISTENCE. The Investor is a validly existing company and has all requisite corporate or limited liability company power and authority to invest in the Securities pursuant to this Purchase Agreement.

5.2 AUTHORIZATION. The execution, delivery and performance by the Investor of the Agreements have been duly authorized and the Agreements will each constitute the valid and legally binding obligation of the Investor, enforceable against the Investor in accordance with their terms.

5.3 PURCHASE ENTIRELY FOR OWN ACCOUNT. The Securities to be received by the Investor hereunder will be acquired for the Investor's own account, not as nominee or agent, and not with a view to the resale or distribution of any part thereof in violation of securities laws, and the Investor has no present intention of selling, granting any participation in, or otherwise distributing the same in violation of securities laws.

5.4 INVESTMENT EXPERIENCE. The Investor acknowledges that it can bear the economic risk and complete loss of its investment in the Securities and has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of the investment contemplated hereby.

5.5 DISCLOSURE OF INFORMATION. The Investor has had an opportunity to receive documents related to the Company and to ask questions of and receive answers from the Company regarding the Company, its business and the terms and conditions of the offering of the Securities. Neither such inquiries nor any other due diligence investigation conducted by the Investor shall modify, amend or affect the Investor's right to rely on the Company's representations and warranties contained in this Purchase Agreement or made pursuant to this Purchase Agreement.

5.6 RESTRICTED SECURITIES. The Investor understands that the Securities are characterized as "restricted securities" under the U.S. federal securities laws inasmuch as they are being acquired from the Company in a transaction not involving a public offering and that under such laws and applicable regulations such securities may be resold without registration under the 1933 Act only in certain limited circumstances.

5.7 LEGENDS. It is understood that, until registration for resale pursuant to the Registration Rights Agreement or until sales under Rule 144 are permitted, certificates evidencing the Securities will bear one or all of the following legends or legends substantially similar thereto:

"THESE SECURITIES HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT"), AND MAY NOT BE OFFERED, SOLD, PLEDGED, HYPOTHECATED, ASSIGNED OR TRANSFERRED EXCEPT (i) PURSUANT TO A REGISTRATION STATEMENT UNDER THE ACT WHICH HAS BECOME EFFECTIVE AND IS CURRENT WITH RESPECT TO THESE SECURITIES, OR (ii) PURSUANT TO A SPECIFIC EXEMPTION FROM REGISTRATION UNDER THE ACT BUT ONLY UPON A HOLDER HEREOF FIRST HAVING OBTAINED THE WRITTEN OPINION OF COUNSEL TO THE CORPORATION, OR OTHER COUNSEL REASONABLY ACCEPTABLE TO THE CORPORATION, THAT THE PROPOSED DISPOSITION IS CONSISTENT WITH ALL APPLICABLE PROVISIONS OF THE ACT."

Upon registration for resale pursuant to the Registration Rights Agreement, or when sales under Rule 144 are permitted, the Company shall promptly cause certificates evidencing the Shares previously issued hereunder to be replaced with certificates which do not bear such restrictive legends.

5.8 ACCREDITED INVESTOR. The Investor is an accredited investor as defined in Rule 501(a) of Regulation D, as amended, under the 1933 Act.

5.9 NO GENERAL SOLICITATION. The Investor did not learn of the investment in the Securities as a result of any public advertising or general solicitation.

6. REGISTRATION RIGHTS AGREEMENT. The parties acknowledge and agree that part of the inducement for the Investors to enter into this Purchase Agreement is the Company's execution and delivery of the Registration Rights Agreement. The parties acknowledge and

agree that simultaneously with the execution hereof, the Registration Rights Agreement is being duly executed and delivered by the parties thereto.

7. COVENANTS AND AGREEMENTS OF THE COMPANY.

7.1 SUBSEQUENT SALE AT LOWER PRICE.

(a) REQUIRED ADJUSTMENTS. Subject to the exclusions contained in Section 7.1(f) below, if during the period ending on the later of (i) thirty-six (36) months following the Closing Date or (ii) thirty-three (33) months following the effective date of the Registration Statement contemplated by the Registration Rights Agreement (the "MFN Period"), the Company sells any shares of its Common Stock at a per share selling price ("Per Share Selling Price") lower than the Purchase Price per share set forth in Section 2 hereof, the Purchase Price per share of the Shares originally sold to an Investor hereunder shall be adjusted downward to equal such lower Per Share Selling Price and such Investor shall be entitled to receive the additional shares as provided by Section 7.1(c); provided, however, in the event the Investor then owns less than 250,000 Shares, such Investor shall be entitled to additional shares only with respect to the number of Shares originally acquired and then owned by the Investor as provided in Section 7.1(c). For so long as such Investor owns at least 250,000 Shares originally acquired by such Investor hereunder, the Investor shall be entitled to the full benefit of the Purchase Price adjustment required by this Section 7.1. The Company shall give to each Investor written notice of any such sale within 24 hours of the closing of any such sale and shall within such 24 hour period issue a press release announcing such sale.

(b) DEFINITIONS.

(i) For the purposes of this Section 7.1, the term "Per Share Selling Price" as used in this Section 7.1 shall mean the amount actually paid by third parties for each share of Common Stock. A sale of shares of Common Stock shall include the sale or issuance of rights, options, warrants or convertible securities ("derivative securities") under which the Company is or may become obligated to issue shares of Common Stock, and in such circumstances the sale of Common Stock shall be deemed to have occurred at the time of the issuance of the derivative securities and the Per Share Selling Price of the Common Stock covered thereby shall also include the exercise or conversion price thereof (in addition to the consideration per underlying share of Common Stock received by the Company upon such sale or issuance of the derivative security, less the fee amount as provided above). In case of any such security issued within the MFN Period in a "Variable Rate Transaction" or an "MFN Transaction" (each as defined below), the Per Share Selling Price shall be deemed to be the lowest conversion or exercise price at which such securities are converted or exercised or might have been converted or exercised in the case of a Variable Rate Transaction, or the lowest adjustment price in the case of an MFN Transaction. If shares are issued for a consideration other than cash, the per share selling price shall be the fair value of such consideration as determined in good faith by the Board of Directors of the Company.

(ii) The term "Variable Rate Transaction" shall mean a transaction in which the Company issues or sells (a) any debt or equity securities that are convertible into, exchangeable or exercisable for, or include the right to receive additional shares

of Common Stock either (x) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of or quotations for the Common Stock at any time after the initial issuance of such debt or equity securities, or (y) with a fixed conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such debt or equity security or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Company or the market for the Common Stock (but excluding standard stock split anti-dilution provisions), or (b) any securities of the Company pursuant to an "equity line" structure which provides for the sale, from time to time, of securities of the Company which are registered for resale pursuant to the 1933 Act.

(iii) The term "MFN Transaction" shall mean a transaction in which the Company issues or sells any securities in a capital raising transaction or series of related transactions (the "New Offering") which grants to an investor (the "New Investor") the right to receive additional shares based upon future transactions of the Company on terms more favorable than those granted to the New Investor in the New Offering.

(iv) The term "MFN Period" shall have the meaning set forth in Section 7.1(a), above.

(c) ADJUSTMENT MECHANISM. If an adjustment of the Purchase Price is required pursuant to Section 7.1(a), the Company shall deliver to the Investor within eight calendar days of the closing of the transaction giving rise to the adjustment or by such other date as may be required by Section 7.1(d) ("Delivery Date") the Investor's share of such number of additional shares of Common Stock equal to (i) the aggregate Purchase Price paid by the Investor divided by the adjusted Per Share Purchase Price as required under Section 7.1(a), minus (ii) the total number of shares of Common Stock previously delivered to the Investor hereunder; PROVIDED HOWEVER, that the Company shall delay effecting such adjustment, in whole or in part, to the extent required by Section 7.1(d). In the event the Company fails to deliver the additional shares by the applicable Delivery Date, the Company shall be liable to the Investor for a delay payment equal to 2% of the Purchase Price per month payable in Common Stock or cash, at the Investor's election. If at the time of any adjustment the proviso of the first sentence of Section 7.1(a) is applicable, then the number of additional shares otherwise determined as deliverable under this Section 7.1(c) shall be adjusted so that it is equal to such number, multiplied by a fraction, the numerator of which is the number of Shares acquired on the Closing Date and still owned at the time of the adjustment and the denominator is the total number of Shares acquired on the Closing Date.

(d) LIMITATION ON NUMBER OF SHARES.

(i) If by way of any adjustment required by this Section 7.1, the Investor would receive a number of shares of Common Stock such that the total number of such shares beneficially owned (within the meaning of Section 13(d) of the 1934 Act) by the Investor as of the date of such adjustment would be greater than 9.90% of the total outstanding shares of Common Stock of the Company, then the Company shall not effect the adjustment required by this Section to the extent necessary to avoid causing the aforesaid limitation to be exceeded and shall agree to effect such adjustment at the earliest possible time when such adjustment would not exceed the aforementioned limitations. This limitation may not be

amended except with the consent of the stockholders of the Company and they are intended third-party beneficiaries of this provision.

(ii) In no event shall the Company issue to an Investor additional shares pursuant to an adjustment required by this Section 7.1 such that the total number of shares issued to such Investor (when added to the Warrant Shares actually received upon exercise of Warrants by such Investor) would exceed such Investor's "pro rata" share of the Shares acquired through this Purchase Agreement (the "allocation") (subject to appropriate adjustment for stock splits or stock dividends). Instead, the Company shall redeem excess shares at 110% of the Per Share Purchase Price, as adjusted. At such time as an Investor owns neither any Shares that were originally acquired pursuant to this Agreement nor any Warrants, it shall notify the Company, who shall then notify the other Investors. At such time, to the extent such Investor's allocation has not been exhausted, it shall be divided pro rata, among the remaining Investors. An Investor's pro rata share shall be the portion determined by dividing its aggregate Purchase Price by the total Purchase Price of all Investors holding shares at the time the pro rata share is being determined. Each Investor's initial allocation is listed on the signature page for such Investor. Only Shares acquired pursuant to this Agreement or upon exercise of Warrants will be included in determining whether the limitations would be exceeded for purposes of this Section 7.1(d) (iii).

(e) CAPITAL ADJUSTMENTS. In case of any stock split or reverse stock split, stock dividend, reclassification of the common stock, recapitalization, merger or consolidation, or like capital adjustment affecting the Common Stock of the Company, the provisions of Section 7.1 shall be applied in a fair, equitable and reasonable manner so as to give effect, as nearly as may be, to the purposes hereof.

(f) EXCLUSIONS. Section 7.1(a) shall not apply to (i) sales of shares of Common Stock by the Company upon conversion or exercise of any convertible securities, options or warrants outstanding prior to the date hereof; or (ii) sales of shares of Common Stock by the Company pursuant to the provisions of any shareholder-approved option or similar plan heretofore adopted by the Company.

(g) RULE 144. The Company agrees to take the position that, for purposes of determining the holding period under Rule 144 for shares of Common Stock issued pursuant to Section 7.1(a), the holding period of such shares shall be tacked to the holding period of the Shares.

7.2 LIMITATION ON TRANSACTIONS.

(a) From the Closing through the expiration of the MFN Period contemplated by the Registration Rights Agreement, without the prior written consent of the Investors (which consent may be withheld in each Investor's discretion), the Company shall not (i) issue or sell or agree to issue or sell any securities for cash in a non-public MFN Transaction; (ii) issue or sell, or agree to issue or sell, any securities for cash in a non-public Variable Rate Transaction.

(b) From the Closing until three (3) months after the date
of

effectiveness of the Registration Statement contemplated by the Registration Rights Agreement, without the prior written consent of the Investors (which consent may be withheld in each Investor's discretion), the Company shall not issue or sell or agree to issue or sell any shares or securities convertible into shares of Common Stock at a price per share below the average closing bid price for the five (5) trading days immediately preceding such issuance or sale.

(c) Except as contemplated by the Supplement to the Memorandum dated December 16, 1999, the Company shall not issue any securities in any transaction that would be integrated with the Securities issued pursuant to this Agreement.

(d) For a period of one-year following the Closing, the Company agrees that it will not enter into any agreement for the issuance of securities pursuant to an "equity line" financing (as described in Section 7.1(b)(ii) above).

7.3 RIGHT OF INVESTOR TO PARTICIPATE IN FUTURE TRANSACTIONS. The Company agrees that during the MFN Period the Investor will have a right to participate in future non-public capital raising transactions as set forth in this Section 7.3. The Company shall give not less than ten business (10) days advance written notice to each Investor prior to any offer or sale of any of its equity securities or any securities convertible into or exchangeable or exercisable for such securities in a non-public capital raising transaction. Prior to the closing of any such transaction, each Investor shall have the right to participate in its pro rata share of up to 50% of such new offering (or in the case of a Variable Rate Transaction, up to 75% of such new offering) and purchase such securities for the same consideration and on the same terms and conditions as contemplated for such third-party sale. In order to exercise this right, an Investor must give written notice to the Company of the Investor's election to participate and such notice must be given within ten business (10) days following receipt of the notice from the Company. In the event the Company gives notice to the Investor of an expected transaction pursuant to this Section 7.3 but cannot consummate such transaction, the Company will give the Investor prompt written notice of the cancellation of such transaction. If, subsequent to the Company giving notice to the Investor hereunder, the terms and conditions of the proposed third-party sale are changed in any way, the Company shall be required to provide a new notice to the Investor hereunder and the Investor shall have the right to participate in the offering on such changed terms and conditions as provided hereunder.

7.4 RESERVATION OF COMMON STOCK PURSUANT TO SECTION 7.1 AND EXERCISE OF WARRANTS. The Company hereby agrees, at all times with respect to shares issuable upon exercise of the Warrants, and at all appropriate times with respect to shares issuable pursuant to Section 7.1, to reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purpose of providing for the additional issuance(s) of Common Stock pursuant to Section 7.1 and exercise of the Warrants, such number of shares of Common Stock as shall from time to time equal the number of shares sufficient to permit the issuance, if any, required pursuant to Section 7.1 plus the number of shares of Common Stock as shall be necessary to permit the exercise of the Warrants in accordance with the terms of the Warrants.

7.5 REPORTS. Within one week of filing the following reports with the SEC, or in the absence of such filing within the time periods specified below, the Company shall send a copy of the following reports to each Investor by regular mail:

(a) QUARTERLY REPORTS. As soon as available the Company's quarter-annual report on Form 10-Q or, in the absence of such report, consolidated balance sheets of the Company and its subsidiaries as at the end of such period and the related consolidated statements of operations, stockholders' equity and cash flows for such period and for the portion of the Company's fiscal year ended on the last day of such quarter, all in reasonable detail and certified by a principal financial officer of the Company to have been prepared in accordance with generally accepted accounting principles, subject to year-end and audit adjustments.

(b) ANNUAL REPORTS. As soon as available after the end of each fiscal year of the Company, the Company's Form 10K or, in the absence of a Form 10K, consolidated balance sheets of the Company and its subsidiaries as at the end of such year and the related consolidated statements of earnings, stockholders' equity and cash flows for such year, all in reasonable detail and accompanied by the report on such consolidated financial statements of an independent certified public accountant selected by the Company and reasonably satisfactory to the Investor.

(c) SECURITIES FILINGS. As promptly as practicable and in any event within one week after the same are issued or filed, copies of (i) all notices, proxy statements, financial statements, reports and documents as the Company or any subsidiary shall send or make available generally to its stockholders or to financial analysts, and (ii) all periodic and special reports, documents and registration statements which the Company or any subsidiary furnishes or files, or any officer or director of the Company or any of its subsidiaries (in such person's capacity as such) furnishes or files with the SEC.

(d) OTHER INFORMATION. Such other information relating to the Company or its subsidiaries as from time to time may reasonably be requested by the Investor provided the Company produces such information in its ordinary course of business, and further provided that the Company, solely in its own discretion, determines that such information is not confidential in nature and disclosure to the Investor would not be harmful to the Company.

(e) RULE 144. The Company agrees to make publicly available on a timely basis the information necessary to enable Rule 144 to be available for resale.

7.6 PRESS RELEASES. Any press release or other publicity concerning this Purchase Agreement or the transactions contemplated by this Purchase Agreement shall be submitted to the Investor for comment at least two (2) business days prior to issuance, unless the release is required to be issued within a shorter period of time by law or pursuant to the rules of a national securities exchange. The Company shall issue a press release concerning the fact and material terms of this Purchase Agreement within one business day of the Closing.

7.7 NO CONFLICTING AGREEMENTS. The Company will not, and will not permit its subsidiaries to, take any action, enter into any agreement or make any commitment that would conflict or interfere in any material respect with the obligations to the Investor under the Agreements.

7.8 INSURANCE. For so long as any Investor beneficially owns any of the Securities, the Company shall, and shall cause each subsidiary to, have in full force and effect (a)

insurance reasonably believed to be adequate on all assets and activities of a type customarily insured, covering property damage and loss of income by fire or other casualty, and (b) insurance reasonably believed to be adequate protection against all liabilities, claims and risks against which it is customary for companies similarly situated as the Company and the subsidiaries to insure.

7.9 COMPLIANCE WITH LAWS. For so long as any Investor beneficially owns any of the Securities, the Company will use reasonable efforts, and will cause each of its subsidiaries to use reasonable efforts, to comply with all applicable laws, rules, regulations, orders and decrees of all governmental authorities, except to the extent non-compliance (in one instance or in the aggregate) would not have a Material Adverse Effect.

7.10 LISTING OF UNDERLYING SHARES AND RELATED MATTERS. The Company hereby agrees, promptly following the Closing of the transactions contemplated by this Purchase Agreement, to take such action to cause the Shares, the Warrant Shares and the shares of Common Stock issuable under Section 7.1(a) hereof to be listed on the Nasdaq Stock Market as promptly as possible but no later than the effective date of the registration contemplated by the Registration Rights Agreement. The Company further agrees that if the Company applies to have its Common Stock or other securities traded on any other principal stock exchange or market, it will include in such application the Common Stock underlying the Warrants, and will take such other action as is necessary to cause such Common Stock to be so listed. The Company will take all action necessary to continue the listing and trading of its Common Stock on the Nasdaq Stock Market and will comply in all respects with the Company's reporting, filing and other obligations under the bylaws or rules of such exchange, as applicable, to ensure the continued eligibility for trading of the Shares and the Warrant Shares thereon.

7.11 CORPORATE EXISTENCE. So long as any Investor beneficially owns any of the Shares or Warrants, the Company shall maintain its corporate existence, except in the event of a merger, consolidation or sale of all or substantially all of the Company's assets, as long as the surviving or successor entity in such transaction (a) assumes the Company's obligations hereunder and under the agreements and instruments entered into in connection herewith, regardless of whether or not the Company would have had a sufficient number of shares of Common Stock authorized and available for issuance in order to fulfill its obligations hereunder and effect the exercise in full of all Warrants outstanding as of the date of such transaction; (b) has no legal, contractual or other restrictions on its ability to perform the obligations of the Company hereunder and under the agreements and instruments entered into in connection herewith; and (c) (i) is a publicly traded corporation whose common stock and the shares of capital stock issuable upon exercise of the Warrants are (or would be upon issuance thereof) listed for trading on the Nasdaq Stock Market, New York Stock Exchange or American Stock Exchange, or (ii) if not such a publicly traded corporation, then the buyer agrees that it will, at the election of the Investor, purchase such Investor's Shares (and Warrant Shares) at a price equal to 120% of the Per Share Purchase Price of such Shares.

7.12 COMPETING FINANCINGS. Except for the issuance of securities described in the Supplement to the Memorandum dated December 16, 1999, the Company will not enter into, or agree to enter into, any agreement related to a financing transaction prior to the Closing of the transactions contemplated hereunder.

8. CONDITIONS TO INVESTORS' OBLIGATIONS AT THE CLOSING. Each Investor's obligation to accept delivery of and to pay for the Securities shall be subject to the following conditions (to the extent not waived by such Investor in writing):

8.1 REGISTRATION RIGHTS AGREEMENT. The Company shall have executed and delivered the Registration Rights Agreement, substantially in the form attached hereto as Exhibit B.

8.2 THE WARRANT AGREEMENT. The Company shall have executed and delivered the Warrant Agreement, substantially in the form attached hereto as Exhibit A.

8.3 ESCROW AGREEMENT. The Escrow Agreement shall have been executed and delivered by all of the parties thereto in the form attached in Exhibit C.

8.4 REGISTRATION STATEMENT FILED. The Company shall have filed with the SEC a registration statement covering the Common Shares and the shares of Common Stock underlying the Warrants (the "Registration Statement").

8.5 REPRESENTATIONS AND WARRANTIES CORRECT. The representations and warranties made by the Company in Section 4 shall be true and correct when made and as of the Closing and each Investor shall have received a certificate signed by the chief executive officer and president of the Company, or such other officers of the Company as agreed upon by the parties hereto, that each of such representations and warranties, as appropriate, is true and correct in all material respects on and as of the Closing with the same effect as though such representations and warranties had been made or given on and as of the Closing (except for any representations and warranties given as of a specified date), and that the Company has performed and complied in all material respects with all of its obligations under this Purchase Agreement which are to be performed or complied with on or prior to the Closing.

8.6 LEGAL OPINIONS (SCHEDULE 8.6).

(a) Investors shall have received from Ater Wynne LLP, counsel to the Company, an opinion letter addressed to the Investors, dated as of the date of the Closing, in a form reasonably acceptable to Cruttenden Roth Incorporated (the "Placement Agent") and its counsel, covering customary matters and subject to customary assumptions and qualifications.

(b) Investors shall have received from Dehlinger & Associates, counsel to the Company, an opinion letter relating to intellectual property matters addressed to the Investors, dated as of the date of the Closing, in a form reasonably acceptable to the Placement Agent and its counsel, subject to customary assumptions and qualifications.

9. SURVIVAL. All representations, warranties, covenants and agreements contained in this Agreement shall be deemed to be representations, warranties, covenants and agreements as of the date hereof and shall survive the execution and delivery of this Purchase Agreement.

10. ARBITRATION.

10.1 SCOPE. Resolution of any and all disputes arising from or in connection with the Agreements, whether based on contract, tort, common law, equity, statute, regulation, order or otherwise ("Disputes"), shall be exclusively governed by and settled in accordance with the provisions of this Section 10; provided, that the foregoing shall not preclude equitable or other judicial relief to enforce the provisions hereof or to preserve the status quo pending resolution of Disputes hereunder.

10.2 BINDING ARBITRATION. The parties hereby agree to submit all Disputes to arbitration for final and binding resolution. Either party may initiate such arbitration by delivery of a demand therefor (the "Arbitration Demand") to the other party. The arbitration shall be conducted in New York, New York by a sole arbitrator selected by agreement of the parties not later than 10 days after delivery of the Arbitration Demand, or, failing such agreement, appointed pursuant to the Commercial Arbitration Rules of the America Arbitration Association, as amended from time to time (the "AAA Rules"). If the arbitrator becomes unable to serve, his successor(s) shall be similarly selected or appointed.

10.3 PROCEDURE. The arbitration shall be conducted pursuant to the Federal Arbitration Act and such procedures as the parties may agree or, in the absence of or failing such agreement, pursuant to the AAA Rules. Notwithstanding the foregoing, (a) each party shall have the right to conduct limited discovery of information relevant to the Dispute; (b) each party shall provide to the other, reasonably in advance of any hearing, copies of all documents that a party intends to present in such hearing; (c) all hearings shall be conducted on an expedited schedule; and (d) all proceedings shall be confidential, except that either party may at its expense make a stenographic record thereof.

10.4 TIMING. The arbitrator shall use best efforts to complete all hearings not later than 90 days after his or her selection or appointment, and shall use best efforts to make a final award not later than 30 days thereafter. The arbitrator shall apportion all costs and expenses of the arbitration, including the arbitrator's fees and expenses, and fees and expenses of experts ("Arbitration Costs") between the prevailing and non-prevailing party as the arbitrator shall deem fair and reasonable. In circumstances where a Dispute has been asserted or defended against on grounds that the arbitrator deems manifestly unreasonable, the arbitrator may assess all Arbitration Costs against the non-prevailing party and may include in the award the prevailing party's attorney's fees and expenses in connection with any and all proceedings under this Section 10. Notwithstanding the foregoing, in no event may the arbitrator award multiple or punitive damages.

11. MISCELLANEOUS.

11.1 SUCCESSORS AND ASSIGNS. This Agreement may not be assigned by a party hereto without the prior written consent of the other party hereto, except that without the prior written consent of the Company, but after notice duly given, an Investor may assign its rights hereunder in whole or in part to any purchaser of Securities from the Investor. The terms and conditions of this Purchase Agreement shall inure to the benefit of and be binding upon the respective permitted successors and assigns of the parties. The parties hereby agree as follows:

1. CERTAIN DEFINITIONS

As used in this Registration Rights Agreement, the following terms shall have the following meanings:

"ADDITIONAL REGISTRABLE SECURITIES" shall mean the shares of Common Stock, if any, issued to the Investors pursuant to Section 7.1 of the Purchase Agreement.

"COMMON STOCK" shall mean the Company's shares of Common Stock, par value \$.0001 per share.

"INVESTOR" shall mean each person so identified in the Purchase Agreement, and any subsequent holder of any Common Stock, Warrant or Registrable Securities.

"REGISTRATION STATEMENT" shall mean any registration statement filed under the 1933 Act of the Company that covers the resale of any of the Registrable Securities or Additional Registrable Securities pursuant to the provisions of this Agreement, amendments and

Other capitalized terms used herein but not defined herein shall have the meaning provided therefor in the Purchase Agreement.

2. REGISTRATION.

(a) REGISTRATION STATEMENT. On the date of the closing of the transactions contemplated by the Purchase Agreement (the "Closing Date"), the Company shall prepare and file with the SEC one Registration Statement on Form S-3 (or, if Form S-3 is not then available to the Company, on such form of registration statement as is then available to effect a registration for resale of the Registrable Securities, subject to the Investor's consent) covering the resale of the Registrable Securities. Such Registration Statement shall cover, to the extent allowable under the 1933 Act and the Rules promulgated thereunder (including Rule 416), such indeterminate number of additional shares of Common Stock resulting from stock splits, stock dividends or similar transactions with respect to the Registrable Securities. No securities shall be included in the Registration Statement without the consent of the Investors other than the Registrable Securities. The Company agrees that prior to the effectiveness of the Registration Statement(s) covering the securities contemplated by the Supplement to the Memorandum dated December 16, 1999, it will not file any other registration statement.

(b) EXPENSES. The Company will pay all expenses associated with the registration and in addition shall pay the reasonable fees of single counsel to the Investors relating thereto in an amount of \$5,000, excluding discounts, commissions, fees of underwriters, selling brokers, dealer managers or similar securities industry professionals. EXCEPT ONLY AS SPECIFICALLY PROVIDED HEREIN, ALL EXPENSES INCIDENT TO THE PERFORMANCE UNDER OR COMPLIANCE WITH THIS REGISTRATION RIGHTS AGREEMENT BY THE COMPANY SHALL BE BORNE BY THE COMPANY, REGARDLESS OF WHETHER THE REGISTRATION STATEMENT BECOMES EFFECTIVE, INCLUDING, WITHOUT LIMITATION, (i) ALL REGISTRATION AND FILING FEES AND EXPENSES (INCLUDING FILINGS MADE WITH THE NATIONAL ASSOCIATION OF SECURITIES DEALERS ("NASD"), IF APPLICABLE); (ii) FEES AND EXPENSES (INCLUDING FEES AND EXPENSES OF COUNSEL FOR THE COMPANY) OF COMPLIANCE WITH FEDERAL SECURITIES AND STATE BLUE SKY OR OTHER SECURITIES LAWS; (iii) EXPENSES OF PRINTING, MESSENGER AND DELIVERY SERVICES, DUPLICATION, WORD PROCESSING AND TELEPHONE INCURRED BY THE COMPANY (BUT NOT BY THE HOLDERS OF REGISTRABLE SECURITIES); (iv) FEES AND DISBURSEMENTS OF COUNSEL FOR THE COMPANY; (v) ALL APPLICATION AND FILING FEES IN CONNECTION WITH LISTING SHARES

OF THE COMPANY'S COMMON STOCK ON A NATIONAL SECURITIES EXCHANGE OR AUTOMATED QUOTATION SYSTEM PURSUANT TO THE REQUIREMENTS HEREOF; AND (vi) ALL FEES AND DISBURSEMENTS OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS OF THE COMPANY (INCLUDING THE EXPENSES OF ANY SPECIAL AUDIT AND "COLD COMFORT" LETTERS REQUIRED BY OR INCIDENT TO SUCH PERFORMANCE). THE COMPANY WILL, IN ANY EVENT, BEAR ITS OWN INTERNAL EXPENSES (INCLUDING, WITHOUT LIMITATION, ALL SALARIES AND EXPENSES OF ITS OFFICERS AND EMPLOYEES PERFORMING LEGAL OR ACCOUNTING DUTIES), THE EXPENSES OF ANY ANNUAL AUDIT AND THE FEES AND EXPENSES OF ANY PERSON, INCLUDING SPECIAL EXPERTS, RETAINED BY THE COMPANY. THE HOLDERS SHALL BEAR THEIR OWN LEGAL FEES AND EXPENSES AND ANY UNDERWRITING FEES OR BROKERAGE COMMISSIONS INCIDENT TO THEIR DISPOSITION OF THE REGISTERED SECURITIES.

(c) EFFECTIVENESS.

(i) The Company shall use its best efforts to have the Registration Statement declared effective as soon as practicable. If (A) the Registration Statement is not declared effective by the SEC within 90 days following the Closing Date (the "Registration Date"), or (B) after the Registration Statement has been declared effective by the SEC, sales cannot be made pursuant to the Registration Statement for any reason but except as excused pursuant to subparagraph (ii) below, then the Company will make payments to each Investor, as damages and not as a penalty, for any 30 day period or portion thereof following the Registration Date during which any of the events described in (A) or (B) above occurs and is continuing (the "Blackout Period") in an amount equal to 2% of the aggregate Purchase Price paid by such Investor to the Company on the Closing Date. The amounts payable as damages pursuant to this paragraph shall be payable in lawful money of the United States and shall be paid on demand from time to time following the commencement of the Blackout Period until the termination of the Blackout Period. The same remedy and penalty interest shall be available in the case of any failure to timely issue Warrant Shares upon exercise of the Warrant, or in the case of any suspension from trading or delisting from the Nasdaq Stock Market. If at any time a payment due hereunder remains unpaid for more than sixty (60) days after demand, the rate of damage payments shall thereafter be increased for all purposes to a rate equal to 3% per 30 day period. The remedies set forth in this section are not intended to be exclusive, and shall be in addition to any other remedies available at law or in equity. Amounts payable as damages hereunder to an Investor shall cease when the Investor no longer holds Warrants or Registrable Securities, or Additional Registrable Securities, as applicable.

(ii) The Company may suspend the use of a prospectus under the Registration Statement contemplated by this Section for up to two (2) periods of not more than twenty (20) days in the aggregate in any consecutive twelve (12) months, if the Company shall deliver to the Investor a certificate signed by the President of the Company stating that, in the good faith judgment of the Board of Directors of the Company, it would (A) be seriously detrimental to the business of the Company for such registration to be effected or remain effective at such time, (B) interfere with any proposed or pending material corporate transaction involving the Company or any of its subsidiaries, or (C) result in any premature disclosure thereof. In such a case, the Company shall not disclose to the Investor any facts or circumstances constituting material non-public information, without the prior written consent of Investor. The duration of the MFN Period provided for in the Purchase Agreement will be

extended by the number of days of any termination or suspension of the effectiveness of any registration or suspension of the use of any prospectus contemplated by this Section 2.

(d) UNDERWRITTEN OFFERING. If any offering pursuant to a Registration Statement pursuant to Section 2(a) hereof involves an underwritten offering, the Investor shall have the right to select an investment banker and manager to administer the offering, which investment banker or manager shall be reasonably satisfactory to the Company. An underwritten offering will not be conducted without the consent of 50% of the Investors.

(e) Promptly following the issuance of any Additional Registrable Securities, the Company shall file a Registration Statement and use its best efforts to have such Registration Statement covering the Additional Registrable Securities declared effective as soon as possible. All time periods, provisions and remedies covering the registration of Registrable Securities shall apply, MUTATIS MUTANDIS, to the registration of the Additional Registrable Securities.

3. COMPANY OBLIGATIONS. The Company will use its best efforts to effect the registration of the Registrable Securities and Additional Registrable Securities in accordance with the terms hereof, and pursuant thereto the Company will, as expeditiously as possible:

(a) use its best efforts to cause such Registration Statement to become effective and to remain continuously effective for a period that will terminate upon the earlier of the date on which all Registrable Securities or Additional Registrable Securities, as the case may be, covered by such Registration Statement, as amended from time to time, have been sold or until such time as they become eligible for distribution pursuant to Rule 144(k), or any successor provision thereof, under the 1933 Act (the "Registration Period") (however, the Registration Statement shall be continued effective for so long as the Warrants remain outstanding);

(b) prepare and file with the SEC such amendments and post-effective amendments to the Registration Statement and the Prospectus as may be necessary to keep the Registration Statement effective for the period specified in Section 3(a) and to comply with the provisions of the 1933 Act and the 1934 Act with respect to the distribution of all Registrable Securities and Additional Registrable Securities; provided that, at a time reasonably prior to the filing of a Registration Statement or Prospectus, or any amendments or supplements thereto, the Company will furnish to the Investor copies of all documents proposed to be filed, which documents will be subject to the comments of the Investor;

(c) furnish to all of the Investors and their legal counsel (i) promptly after the same is prepared and publicly distributed, filed with the SEC, or received by the Company, one copy of the Registration Statement and any amendment thereto, each preliminary prospectus and Prospectus and each amendment or supplement thereto, and each letter written by or on behalf of the Company to the SEC or the staff of the SEC, and each item of correspondence from the SEC or the staff of the SEC, in each case relating to such Registration Statement (other than any portion of any thereof which contains information for which the Company has sought confidential treatment), and (ii) such number of copies of a Prospectus, including a preliminary prospectus, and all amendments and supplements thereto and such other documents as such

Investor may reasonably request in order to facilitate the disposition of the Registrable Securities and Additional Registrable Securities owned by such Investor;

(d) in the event the Investors select underwriters for the offering, the Company shall enter into and perform its reasonable obligations under an underwriting agreement, in usual and customary form, including, without limitation, customary indemnification and contribution obligations, with the underwriters of such offering;

(e) at the request of the Investor, the Company shall furnish, on the date that Registrable Securities or Additional Registrable Securities, as applicable, are delivered to an underwriter, if any, for sale in connection with the Registration Statement (i) an opinion, dated as of such date, from counsel representing the Company for purposes of such Registration Statement, in form, scope and substance as is customarily given in an underwritten public offering, addressed to the underwriter and the Investor and (ii) a letter, dated such date, from the Company's independent certified public accountants in form and substance as is customarily given by independent certified public accountants to underwriters in an underwritten public offering, addressed to the underwriters and the Investors;

(f) make reasonable effort to prevent the issuance of any stop order or other suspension and effectiveness and, if such order is issued, obtain the withdrawal of any such order at the earliest possible moment;

(g) furnish to the Investors at least five copies of the Registration Statement and any post-effective amendment thereto, including financial statements and schedules by courier pursuant to the notice requirements of the Purchase Agreement;

(h) prior to any public offering of Registrable Securities or Additional Registrable Securities, use its best efforts to register or qualify or cooperate with the Investors and its counsel in connection with the registration or qualification of such Registrable Securities or Additional Registrable Securities, as applicable, for offer and sale under the securities or blue sky laws of all U.S. jurisdictions and do any and all other reasonable acts or things necessary or advisable to enable the distribution in such jurisdictions of the Registrable Securities or Additional Registrable Securities covered by the Registration Statement;

(i) cause all Registrable Securities or Additional Registrable Securities covered by the Registration Statement to be listed on each securities exchange, interdealer quotation system or other market on which similar securities issued by the Company are then listed;

(j) immediately notify the Investors, at any time when a Prospectus relating to the Registrable Securities or Additional Registrable Securities is required to be delivered under the Securities Act, upon discovery that, or upon the happening of any event as a result of which, the Prospectus included in such Registration Statement, as then in effect, includes an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing, and at the request of any such holder, promptly prepare and furnish to such holder a reasonable number of copies of a supplement to or an amendment of such

Prospectus as may be necessary so that, as thereafter delivered to the purchasers of such Registrable Securities or Additional Registrable Securities, as applicable, such Prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing;

(k) otherwise use its best efforts to comply with all applicable rules and regulations of the SEC under the 1933 Act and the 1934 Act, take such other actions as may be reasonably necessary to facilitate the registration of the Registrable Securities and Additional Registrable Securities hereunder; and

(l) file the reports require to be filed by it (if so required) under the Securities Act and the Exchange Act and the Rules and Regulations adopted by the SEC thereunder in a timely manner and, if at any time the Company is not required to file such reports, it will, upon the request of any Holder of Registrable Securities, make publicly available other information so long as necessary to permit sales pursuant to Rule 144 under the Securities Act. The Company further covenants that it will take such further action as any Holder of Registrable Securities may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act pursuant to the exemptions provided by Rule 144 under the Securities Act. Upon the request of any Holder of Registrable Securities, the Company will deliver to such Holder a written statement as to whether it has complied with such information requirements.

4. OBLIGATIONS OF THE INVESTORS.

It shall be a condition precedent to the obligations of the Company to complete the registration pursuant to this Registration Rights Agreement with respect to the Registrable Securities or Additional Registrable Securities of an Investor, if applicable, that such Investor shall furnish in writing to the Company such information regarding itself, the Registrable Securities or Additional Registrable Securities, as applicable, held by it and the intended method of disposition of the Registrable Securities or Additional Registrable Securities, as applicable, held by it as shall be reasonably required to effect the registration of such Registrable Securities or Additional Registrable Securities, as applicable, and shall execute such documents in connection with such registration as the Company may reasonably request.

Each Investor, by its acceptance of the Registrable Securities and Additional Registrable Securities, if any, agrees to cooperate with the Company as reasonably requested by the Company in connection with the preparation and filing of the Registration Statement hereunder, unless such Investor has notified the Company in writing of its election to exclude all of its Registrable Securities or Additional Registrable Securities, as applicable, from the Registration Statement.

(c) In the event the Investor determine to engage the services of an underwriter, the Investors agree to enter into and perform their obligations under an underwriting agreement, in usual and customary form, including, without limitation, customary indemnification and contribution obligations, with the managing underwriter of such offering

and take such other actions as are reasonably required in order to expedite or facilitate the dispositions of the Registrable Securities or Additional Registrable Securities, as applicable.

(d) Each Investor agrees that, upon receipt of any notice from the Company of the happening of any event rendering the Registration Statement no longer effective, the Investor will immediately discontinue disposition of Registrable Securities or Additional Registrable Securities pursuant to the Registration Statement covering such Registrable Securities or Additional Registrable Securities until the Investor's receipt of the copies of the supplemented or amended prospectus filed with the SEC and declared effective and, if so directed by the Company, the Investor shall deliver to the Company (at the expense of the Company) or destroy (and deliver to the Company a certificate of destruction) all copies in the Investor's possession of the prospectus covering the Registrable Securities or Additional Registrable Securities, as applicable, current at the time of receipt of such notice.

(e) No Investors may participate in any underwritten registration hereunder unless it (i) agrees to sell the Registrable Securities or Additional Registrable Securities, as applicable, on the basis provided in any underwriting arrangements in usual and customary form entered into by the Company, (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents reasonably required under the terms of such underwriting arrangements, and (iii) agrees to pay its pro rata share of all underwriting discounts and commissions and any expenses in excess of those payable by the Company pursuant to the terms of this Agreement.

5. INDEMNIFICATION.

(a) INDEMNIFICATION BY COMPANY. The Company agrees to indemnify and hold harmless, to the fullest extent permitted by law each Investor, its officers, directors, partners and employees and each person who controls the Investor (within the meaning of the 1933 Act) against all losses, claims, damages, liabilities, costs (including, without limitation, reasonable attorney's fees) and expenses caused by (i) any untrue or alleged untrue statement of a material fact contained in any Registration Statement, Prospectus or any preliminary prospectus or any amendment or supplement thereto or any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are based upon any information furnished in writing to the Company by such Investor, expressly for use therein, or (ii) any violation by the Company of any federal, state or common law, rule or regulation applicable to the Company in connection with any Registration Statement, Prospectus or any preliminary prospectus, or any amendment or supplement thereto, and shall reimburse in accordance with subparagraph (c) below, each of the foregoing persons for any legal and any other expenses reasonably incurred in connection with investigating or defending any such claims. The foregoing is subject to the condition that, insofar as the foregoing indemnities relate to any untrue statement, alleged untrue statement, omission or alleged omission made in any preliminary prospectus or Prospectus that is eliminated or remedied in any Prospectus or amendment or supplement thereto, the above indemnity obligations of the Company shall not inure to the benefit of any indemnified party if a copy of such corrected Prospectus or amendment or supplement thereto had been made available to such indemnified party and was not sent or given by such indemnified party at or prior to the time such action was required of such indemnified party by the 1933 Act and if delivery of such

Prospectus or amendment or supplement thereto would have eliminated (or been a sufficient defense to) any liability of such indemnified party with respect to such statement or omission. Indemnity under this Section 5(a) shall remain in full force and effect regardless of any investigation made by or on behalf of any indemnified party and shall survive the permitted transfer of the Registrable Securities and Additional Registrable Securities.

(b) INDEMNIFICATION BY HOLDER OF REGISTRABLE SECURITIES. In connection with any registration pursuant to the terms of this Registration Rights Agreement, each Investor severally will furnish to the Company in writing such information as the Company reasonably requests concerning the holders of Registrable Securities and Additional Registrable Securities or the proposed manner of distribution for use in connection with any Registration Statement or Prospectus and severally agrees to indemnify and hold harmless, to the fullest extent permitted by law, the Company, its directors, officers, employees, stockholders and each person who controls the Company (within the meaning of the 1933 Act) against any losses, claims, damages, liabilities and expense (including reasonable attorney's fees) resulting from any untrue statement of a material fact or any omission of a material fact required to be stated in the Registration Statement or Prospectus or preliminary prospectus or amendment or supplement thereto or necessary to make the statements therein not misleading, to the extent, but only to the extent that such untrue statement or omission is contained in any information furnished in writing by such holder of Registrable Securities or Additional Registrable Securities to the Company specifically for inclusion in such Registration Statement or Prospectus or amendment or supplement thereto and that such information was substantially relied upon by the Company in preparation of the Registration Statement or Prospectus or any amendment or supplement thereto. In no event shall the liability of a holder of Registrable Securities or Additional Registrable Securities be greater in amount than the dollar amount of the proceeds (net of all expense paid by such holder and the amount of any damages such holder has otherwise been required to pay by reason of such untrue statement or omission) received by such holder upon the sale of the Registrable Securities or Additional Registrable Securities included in the Registration Statement giving rise to such indemnification obligation.

(c) CONDUCT OF INDEMNIFICATION PROCEEDINGS. Any person entitled to indemnification hereunder shall (i) give prompt notice to the indemnifying party of any claim with respect to which it seeks indemnification and (ii) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party; PROVIDED that any person entitled to indemnification hereunder shall have the right to employ separate counsel and to participate in the defense of such claim, but the fees and expenses of such counsel shall be at the expense of such person unless (a) the indemnifying party has agreed to pay such fees or expenses, or (b) the indemnifying party shall have failed to assume the defense of such claim and employ counsel reasonably satisfactory to such person or (c) in the reasonable judgment of any such person, based upon written advice of its counsel, a conflict of interest exists between such person and the indemnifying party with respect to such claims (in which case, if the person notifies the indemnifying party in writing that such person elects to employ separate counsel at the expense of the indemnifying party, the indemnifying party shall not have the right to assume the defense of such claim on behalf of such person); and PROVIDED, FURTHER, that the failure of any indemnified party to give notice as provided herein shall not relieve the indemnifying party of its obligations hereunder, except to the extent that such failure to give notice shall materially adversely affect the indemnifying party in the defense of any such claim

or litigation. It is understood that the indemnifying party shall not, in connection with any proceeding in the same jurisdiction, be liable for fees or expenses of more than one separate firm of attorneys at any time for all such indemnified parties. No indemnifying party will, except with the consent of the indemnified party, consent to entry of any judgment or enter into any settlement that does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

(d) CONTRIBUTION. If for any reason the indemnification provided for in the preceding paragraphs (a) and (b) is unavailable to an indemnified party or insufficient to hold it harmless, other than as expressly specified therein, then the indemnifying party shall contribute to the amount paid or payable by the indemnified party as a result of such loss, claim, damage or liability in such proportion as is appropriate to reflect the relative fault of the indemnified party and the indemnifying party, as well as any other relevant equitable considerations. No person guilty of fraudulent misrepresentation within the meaning of Section 11(f) of the 1933 Act shall be entitled to contribution from any person not guilty of such fraudulent misrepresentation. In no event shall the contribution obligation of a holder of Registrable Securities or Additional Registrable Securities be greater in amount than the dollar amount of the proceeds (net of all expenses paid by such holder and the amount of any damages such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission) received by it upon the sale of the Registrable Securities or Additional Registrable Securities giving rise to such contribution obligation.

6. MISCELLANEOUS.

(a) AMENDMENTS AND WAIVERS. This Registration Rights Agreement may be amended only by a writing signed by the parties hereto. The Company may take any action herein prohibited, or omit to perform any act herein required to be performed by it, only if the Company shall have obtained the written consent to such amendment, action or omission to act, of the Investor.

(b) NOTICES. THIS WARRANT AND ANY SECURITIES ISSUABLE HEREUNDER HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND MAY NOT BE SOLD, TRANSFERRED, PLEDGED OR HYPOTHECATED IN THE ABSENCE OF A REGISTRATION STATEMENT COVERING THIS WARRANT UNDER SAID ACT OR AN EXEMPTION FROM REGISTRATION UNDER SAID ACT.

VOID AFTER 5:00 P.M. PACIFIC TIME ON DECEMBER 19, 2004
("EXPIRATION DATE").

AVI BIOPHARMA, INC.

WARRANT TO PURCHASE _____ SHARES OF
COMMON STOCK, PAR VALUE \$.0001 PER SHARE

This is to certify that, for VALUE RECEIVED, _____ ("Warrantholder"), is entitled to purchase, subject to the provisions of this Warrant, from AVI BioPharma, Inc., a corporation organized under the laws of Oregon ("Company"), at any time not later than 5:00 P.M., Pacific time, on the Expiration Date, at an exercise price per share equal to \$4.025 (the exercise price in effect from time to time hereafter being herein called the "Warrant Price") _____ shares ("Warrant Shares") of Common Stock, par value \$.0001 per share ("Common Stock"). The number of Warrant Shares purchasable upon exercise of this Warrant and the Warrant Price shall be subject to adjustment from time to time as described herein.

This Warrant has been issued pursuant to the terms of the Purchase Agreement dated on or about the date hereof between the Company and the Warrantholder. Capitalized terms used herein and not defined shall have the meaning specified in the Purchase Agreement.

Section 1. REGISTRATION. The Company shall maintain books for the transfer and registration of the Warrant. Upon the initial issuance of the Warrant, the Company shall issue and register the Warrant in the name of the Warrantholder.

Section 2. TRANSFERS. As provided herein, the Warrant may be transferred only pursuant to a registration statement filed under the Securities Act of 1933, as amended ("Securities Act") or an exemption from registration thereunder. Subject to such restrictions, the Company shall transfer from time to time, the Warrant, upon the books to be maintained by the Company for that purpose, upon surrender thereof for transfer properly endorsed or accompanied by appropriate instructions for transfer upon any such transfer, and a new Warrant shall be issued to the transferee and the surrendered Warrant shall be canceled by the Company.

Section 3. EXERCISE OF WARRANT. Subject to the provisions hereof, the Warranholder may exercise the Warrant in whole or in part at any time upon surrender of the Warrant, together with delivery of the duly executed Warrant exercise form attached hereto (the "Exercise Agreement"), to the Company during normal business hours on any business day at the Company's principal executive offices (or such other office or agency of the Company as it may designate by notice to the holder hereof), and upon (i) payment to the Company in cash, by certified or official bank check or by wire transfer for the account of the Company of the Warrant Price for the Warrant Shares specified in the Exercise Agreement or (ii) delivery to the Company of a written notice of an election to effect a "Cashless Exercise" (as defined below) for the Warrant Shares specified in the Exercise Agreement. The Warrant Shares so purchased shall be deemed to be issued to the holder hereof or such holder's designee, as the record owner of such shares, as of the close of business on the date on which this Warrant shall have been surrendered (or evidence of loss, theft or destruction thereof), the completed Exercise Agreement shall have been delivered, and payment shall have been made for such shares as set forth above. Certificates for the Warrant Shares so purchased, representing the aggregate number of shares specified in the Exercise Agreement, shall be delivered to the holder hereof within a reasonable time, not exceeding two (2) business days, after this Warrant shall have been so exercised. The certificates so delivered shall be in such denominations as may be requested by the holder hereof and shall be registered in the name of such holder or such other name as shall be designated by such holder. If this Warrant shall have been exercised only in part, then, unless this Warrant has expired, the Company shall, at its expense, at the time of delivery of such certificates, deliver to the holder a new Warrant representing the number of shares with respect to which this Warrant shall not then have been exercised.

To effect a Cashless Exercise, the holder shall submit to the Company with the Exercise Agreement, written notice of the holder's intention to do so, including a calculation of the number of shares of Common Stock to be issued upon such exercise in accordance with the terms hereof. In the event of a Cashless Exercise, in lieu of paying the Warrant Price in cash, the holder shall surrender this Warrant for that number of shares of Common Stock determined by multiplying the number of Warrant Shares to which it would otherwise be entitled by a fraction, the numerator of which shall be the difference between the then current Market Price per share of the Common Stock and the Warrant Price, and the denominator of which shall be the then current Market Price per share of the Common Stock. For this purpose, the "Market Price" of the Common Stock shall be the average of the closing bid prices of the Common Stock as reported by the Nasdaq Stock Market for the three (3) trading days immediately preceding the exercise date.

Section 4. COMPLIANCE WITH THE SECURITIES ACT. Neither this Warrant nor the Common Stock issued upon exercise hereof nor any other security issued or issuable upon exercise of this Warrant may be offered or sold except as provided in this agreement and in conformity with the Securities Act, and then only against receipt of an agreement of such person to whom such offer of sale is made to comply with the provisions of this Section 4 with respect to any resale or other disposition of such security. The Company may cause the legend set forth on the first page of this Warrant to be set forth on each Warrant or similar legend on any security issued or issuable upon exercise of this Warrant until the

Warrant Shares have been registered for resale under the Registration Rights Agreement or until Rule 144 is available, unless counsel for the Company is of the opinion as to any such security that such legend is unnecessary.

Section 5. PAYMENT OF TAXES. The Company will pay any documentary stamp taxes attributable to the initial issuance of Warrant Shares issuable upon the exercise of the Warrant; provided, however, that the Company shall not be required to pay any tax or taxes which may be payable in respect of any transfer involved in the issue or delivery of any certificates for Warrant Shares in a name other than that of the registered holder of the Warrant in respect of which such shares are issued, and in such case, the Company shall not be required to issue or deliver any certificate for Warrant Shares or any Warrant until the person requesting the same has paid to the Company the amount of such tax or has established to the Company's satisfaction that such tax has been paid. The holder shall be responsible for income taxes due under federal or state law, if any such tax is due.

Section 6. MUTILATED OR MISSING WARRANTS. In case the Warrant shall be mutilated, lost, stolen, or destroyed, the Company shall issue in exchange and substitution of and upon cancellation of the mutilated Warrant, or in lieu of and substitution for the Warrant lost, stolen or destroyed, a new Warrant of like tenor and for the purchase of a like number of Warrant Shares, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction of the Warrant, and with respect to a lost, stolen or destroyed Warrant, reasonable indemnity or bond, if requested by the Company.

Section 7. RESERVATION OF COMMON STOCK. The Company hereby represents and warrants that there have been reserved, and the Company shall at all applicable times keep reserved, out of the authorized and unissued Common Stock, a number of shares sufficient to provide for the exercise of the rights of purchase represented by the Warrant, and the transfer agent for the Common Stock ("Transfer Agent"), and every subsequent transfer agent for the Common Stock or other shares of the Company's capital stock issuable upon the exercise of any of the right of purchase aforesaid, shall be irrevocably authorized and directed at all times to reserve such number of authorized and unissued shares of Common Stock as shall be requisite for such purpose. The Company agrees that all Warrant Shares issued upon exercise of the Warrant shall be, at the time of delivery of the certificates for such Warrant Shares, duly authorized, validly issued, fully paid and non-assessable shares of Common Stock of the Company. The Company will keep a conformed copy of this Warrant on file with the Transfer Agent and with every subsequent transfer agent for the Common Stock or other shares of the Company's capital stock issuable upon the exercise of the rights of purchase represented by the Warrant. The Company will supply from time to time the Transfer Agent with duly executed stock certificates required to honor the outstanding Warrant.

Section 8. WARRANT PRICE. The Warrant Price, subject to adjustment as provided in Section 9, shall, if payment is made in cash or by certified check, be payable in lawful money of the United States of America.

Section 9. ADJUSTMENTS. Subject and pursuant to the provisions of this Section 9, the Warrant Price and number of Warrant Shares subject to this Warrant shall be subject to adjustment from time to time as set forth hereinafter.

(a) If the Company shall at any time or from time to time while the Warrant is outstanding, pay a dividend or make a distribution on its Common Stock in shares of Common Stock, subdivide its outstanding shares of Common Stock into a greater number of shares or combine its outstanding shares into a smaller number of shares or issue by reclassification of its outstanding shares of Common Stock any shares of its capital stock (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing corporation), then the number of Warrant Shares purchasable upon exercise of the Warrant and the Warrant Price in effect immediately prior to the date upon which such change shall become effective, shall be adjusted by the Company so that the Warrantholder thereafter exercising the Warrant shall be entitled to receive the number of shares of Common Stock or other capital stock which the Warrantholder would have received if the Warrant had been exercised immediately prior to such event. Such adjustment shall be made successively whenever any event listed above shall occur.

(b) If any capital reorganization, reclassification of the capital stock of the Company, consolidation or merger of the Company with another corporation, or sale, transfer or other disposition of all or substantially all of the Company's properties to another corporation shall be effected, then, as a condition of such reorganization, reclassification, consolidation, merger, sale, transfer or other disposition, lawful and adequate provision shall be made whereby each Warrantholder shall thereafter have the right to purchase and receive upon the basis and upon the terms and conditions herein specified and in lieu of the Warrant Shares immediately theretofore issuable upon exercise of the Warrant, such shares of stock, securities or properties as may be issuable or payable with respect to or in exchange for a number of outstanding Warrant Shares equal to the number of Warrant Shares immediately theretofore issuable upon exercise of the Warrant, had such reorganization, reclassification, consolidation, merger, sale, transfer or other disposition not taken place, and in any such case appropriate provision shall be made with respect to the rights and interests of each Warrantholder to the end that the provisions hereof (including, without limitations, provision for adjustment of the Warrant Price) shall thereafter be applicable, as nearly equivalent as may be practicable in relation to any shares of stock, securities or properties thereafter deliverable upon the exercise thereof. The Company shall not effect any such consolidation, merger, sale, transfer or other disposition unless prior to or simultaneously with the consummation thereof the successor corporation (if other than the Company) resulting from such consolidation or merger, or the corporation purchasing or otherwise acquiring such assets or other appropriate corporation or entity shall assume, by written instrument executed and delivered to the Company, the obligation to deliver to the holder of the Warrant such shares of stock, securities or assets as, in accordance with the foregoing provisions, such holder may be entitled to purchase and the other obligations under this Warrant. The provisions of this paragraph (b) shall similarly apply to successive reorganizations, reclassifications consolidations, mergers, sales, transfers or other dispositions.

(c) In case the Company shall fix a record date for the making of a distribution to all holders of Common Stock (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing corporation) of evidences of indebtedness or assets (other than cash dividends or cash distributions payable out of consolidated earnings or earned surplus or dividends or distributions referred to in Section 9(a)), or subscription rights or warrants, the Warrant Price to be in effect after such record date shall be determined by multiplying the Warrant Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the total number of shares of Common Stock outstanding multiplied by the Market Price per share of Common Stock (as determined pursuant to Section 3), less the fair market value (as determined by the Company's Board of Directors in good faith) of said assets or evidences of indebtedness so distributed, or of such subscription rights or warrants, and the denominator of which shall be the total number of shares of Common Stock outstanding multiplied by such current Market Price per share of Common Stock. Such adjustment shall be made successively whenever such a record date is fixed.

(d) If the Company shall at any time or from time to time after the date of issuance hereof issue or sell in a financing transaction (which shall not include any sales or issuances of Common Stock after the date hereof pursuant to contractual obligations in effect on the date hereof), (A) any shares of Common Stock for a Per Share Selling Price (as defined in Section 7.1(b)(i) of the Purchase Agreement) less than the Warrant Price (as defined above) on the date of such issuance or (B) any securities convertible into shares of Common Stock ("Convertible Securities") for which the Per Share Selling Price of the Common Stock is less than the Warrant Price (as defined above) on the date of such issuance, then the Warrant Price shall be reset (if it would result in a reduction of such price) to a price equal to 115% of such per share consideration, or conversion or exercise price. The number of Warrant Shares shall be proportionally increased. Such adjustments shall be made successively whenever such sales are made.

(e) An adjustment shall become effective immediately after the record date in the case of each dividend or distribution and immediately after the effective date of each other event which requires an adjustment.

(f) In the event that, as a result of an adjustment made pursuant to Section 9, the holder of the Warrant shall become entitled to receive any shares of capital stock of the Company other than shares of Common Stock, the number of such other shares so receivable upon exercise of the Warrant shall be subject thereafter to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Warrant Shares contained in this Warrant.

Section 10. FRACTIONAL INTEREST. The Company shall not be required to issue fractions of Warrant Shares upon the exercise of the Warrant. If any fraction of a Warrant Share would, except for the provisions of this Section, be issuable upon the exercise of the Warrant (or specified portions thereof), the Company shall round such calculation to the nearest whole number and disregard the fraction.

Section 11. BENEFITS. Nothing in this Warrant shall be construed to give any person, firm or corporation (other than the Company and the Warrantholder) any legal or equitable right, remedy or claim, it being agreed that this Warrant shall be for the sole and exclusive benefit of the Company and the Warrantholder.

Section 12. NOTICES TO WARRANTHOLDER. Upon the happening of any event requiring an adjustment of the Warrant Price, the Company shall forthwith give written notice thereof to the Warrantholder at the address appearing in the records of the Company, stating the adjusted Warrant Price and the adjusted number of Warrant Shares resulting from such event and setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. The Company's independent certified public accountants shall make the calculations of any such adjustments. Failure to give such notice to the Warrantholder or any defect therein shall not affect the legality or validity of the subject adjustment.

Section 13. IDENTITY OF TRANSFER AGENT. The Transfer Agent for the Common Stock is ChaseMellon Shareholder Services LLC. Forthwith upon the appointment of any subsequent transfer agent for the Common Stock or other shares of the Company's capital stock issuable upon the exercise of the rights of purchase represented by the Warrant, the Company will fax to the Warrantholder a statement setting forth the name and address of such transfer agent.

Section 14. NOTICES. Any notice pursuant hereto to be given or made by the Warrantholder to or on the Company shall be sufficiently given or made personally or if sent by an internationally recognized courier by next day or two day delivery service, addressed as follows:

AVI BioPharma, Inc.

Attention: Alan P. Timmins
Chief Financial Officer

or such other address as the Company may specify in writing by notice to the Warrantholder complying as to delivery with the terms of this Section 14.

Any notice pursuant hereto to be given or made by the Company to or on the Warrantholder shall be sufficiently given or made if personally delivered or if sent by an internationally recognized courier service by overnight or two-day service, to the address set forth on the books of the Company or, as to each of the Company and the Warrantholder, at such other address as shall be designated by such party by written notice to the other party complying as to delivery with the terms of this Section 14.

All such notices, requests, demands, directions and other communications shall, when sent by courier, be effective two (2) days after delivery to such courier as provided and addressed as aforesaid.

Section 15. REGISTRATION RIGHTS. The initial holder of this Warrant is entitled to the benefit of certain registration rights in respect of the Warrant Shares as provided in the Registration Rights Agreement.

Section 16. SUCCESSORS. All the covenants and provisions hereof by or for the benefit of the Investor shall bind and inure to the benefit of its respective successors and assigns hereunder.

Section 17. GOVERNING LAW. This Warrant shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be construed in accordance with the laws of said State.

Section 18. 9.9% LIMITATION.. Notwithstanding anything to the contrary contained herein, the number of shares of Common Stock that may be acquired by the holder upon exercise pursuant to the terms hereof shall not exceed a number that, when added to the total number of shares of Common Stock deemed beneficially owned by such holder (other than by virtue of the ownership of securities or rights to acquire securities that have limitations on the Holder's right to convert, exercise or purchase similar to the limitation set forth herein), together with all shares of Common Stock deemed beneficially owned by the holder's "affiliates" (as defined Rule 144 of the Act) that would be aggregated for purposes of determining whether a group under Section 13(d) of the Securities Exchange Act of 1934, as amended, exists, would exceed 9.99% of the total issued and outstanding shares of the Company's Common Stock (the "Restricted Ownership Percentage"); provided that (w) each holder shall have the right at any time and from time to time to reduce its Restricted Ownership Percentage immediately upon notice to the Company and (x) each holder shall have the right at any time and from time to time, to increase its Restricted Ownership Percentage immediately (subject to waiver) in the event of a pending or announced change of control transaction (including without limitation a transaction that would result in a transfer of more than 50% of the Company's voting power or equity, or a transaction that would result in a person or "group" being deemed the beneficial owner of 50% or more of the Company's voting power or equity). This limitation may not be amended except with the consent of the stockholders of the Company, and they are intended third-party beneficiaries of this provision.

[REMAINDER OF PAGE INTENTIONALLY BLANK]

IN WITNESS WHEREOF, the parties hereto have caused this Warrant to be duly executed, as of the day and year first above written.
